My geography went haywire on Sol Finley. If he gets to the Rotary convention at all he will have to get off at Nice, France, instead of Italy. He forwards his mail by boat to Guy Gilbert, but it arrives after the convention assemblies. Sol's time table is O. K. but the mail transportation not sufficiently rapid to validate my item about his opera singing. He was on the high key when he mailed his card, but off of it when the card reached Santa Ana. What's the difference if he gets to the right town and his singing harmonizes.

Art Frost, who has charge of the electric current for the Edison company at Huntington Beach, comes over to attend a "shop conference" and when someone inquires if he is the same frost who was here last January and played the dickens with the oranges, his district manager denies the insinuation and insists that the Huntington Beach Frost is the fellow who puts the heat in the fruit.

## Auditor Blocks Schools On Buying Without Bids

### WARRANTS ON TWO DEALS HELD UP

'Rent Lease' System Is Used on Purchase of Seats and Desks

County Auditor W. T. Lambert today discovered and called a halt on a system under which schools of the county are buying seats and desks without calling for bids. He stopped payment on two school warrants which were issued to the American Seating company, Los Angeles, on "rental leases" used as a subterfuge to allow purchase of supplies beyond the legal limit which can be spent without calling bids.

One is a \$400 warrant from the Santa Ana school district applying on the purchase of \$2935.70 worth of desks and chairs.

The other is from the Valencia High school at Placentia, for \$490 to apply on a purchase of auditorium seats aggregating \$890.17.

Lambert said he understood the same deal had been arranged in other school districts, but said warrants had not yet reached his office from any but Santa Ana and Valencia school districts.

Under the state law the Santa Ana board of education is limited to \$1000 in purchases without bids, and Valencia district is limited to \$500.

"It would be legally and morally wrong for me to pass these (See SCHOOLS, Page 2)

### PARK LEADERS MEET HERE

Thirty park experts from all parts of Southern California were meeting here today to inspect Santa Ana's park and parkway situation.

The visitors, members of the Park Administrators Association of California, visited the Bowers Memorial museum, Jack Fisher park and Santiago creek park this morning. A luncheon followed at the Green Cat cafe, presided over by Mayor Fred C. Rowland and other city officials and Dale Griggs, local park superintendent and host for the meeting.

A business session was to follow this afternoon. Gilbert Skutt, Los Angeles park superintendent and president of the group, was in charge.

KIDNAP HOAX for love was the story a young Chicago nurse told of her reported abduction and a mysterious message. She said she thought of the hoax to gain the love of J. Rockefeller Prentice (above), attorney and grandson of the late John D. Rockefeller. But police investigated a theory that the kidnapping of Prentice was involved somewhere in the mixup.

## KIDNAP CASE PLEA MADE

Victim's Husband Asks No Interference in Making Contact

STONY BROOK, N. Y. (AP)—In an atmosphere of increasing tension, the husband and wealthy relatives of Mrs. Alice McDonnell Parsons, socially prominent Long Island heiress, made a new plea today to be left alone in their efforts to contact supposed kidnappers of the 38-year-old matron.

"We would appreciate it if you would stay away entirely," Roy McDonnell, brother of the woman, told a Brookhaven township policeman. "After all, we are still hoping to make some contact."

Two miles away in Stony Brook village, federal officers awaited word from J. Edgar Hoover, their chief, reported en route to take personal command of the investigation.

Throughout the night, William H. Parsons, gentleman poultry farmer and Yale graduate, waited nervously, hopeful he would get word from his wife or her abductors.

"I am in a jam, an awful jam," Parsons said, talking to reporters. "Someone asked him what he meant."

Report Second Note "I am in a jam," he repeated, shaking his head. "An awful jam." But he declined to discuss this statement further.

He declined to reply to a query whether a second ransom note had been received. A report went around the town that such a note was received, setting forth anew the demands for \$25,000 and giving instructions as to when and where and how it was to be paid.

The original ransom note, found Wednesday several hours after Mrs. Parsons disappeared, demanded \$25,000 and included a threat of harm to the prematurely gray-haired Mrs. Parsons.

## INTERFERENCE IN MAILS TO BE PROBED

Senate Group Decides On Inquiry in Steel Strike Districts

WASHINGTON. (AP)—The senate postoffice committee voted today a broad preliminary inquiry of charges of interference with the mails in steel strikes and of the activities of the steel companies on both points.

Without acting formally either on the Bridges resolution for an inquiry into the mail situation, of the Guffey amendment to include activities of the steel companies, the committee voted to call witnesses on both points.

The action was taken on a motion by Senator Holt (D., W. Va.), despite a protest by Senator Bridges (R., N. H.) that he had presented a prima facie case of mail interference that warranted a formal investigation.

Chairman McKellar (D., Tenn.) insisted, however, that before voting on the resolution the committee should call principals mentioned in testimony today that postoffice officials in Niles, Ohio, had an understanding with union representatives not to accept mail for the Republic Steel company plant there.

It was agreed by the committee, before voting, that Senator Guffey should be permitted to offer measures in support of his amendment for an investigation of the importation of gunmen as strike breakers by the steel companies and the storing of arms by the companies.

Senator Bailey (D., N. C.) asked that the Guffey amendment be broadened to include a general investigation of labor conditions in industry generally, but Senator Guffey (D., Pa.) said it should be confined to the steel industry. Senator Bridges told the committee. (See U. S. MAILS, Page 2)

## REDS TO SHOOT 8 GENERALS

MOSCOW. (AP)—Eight ousted Red army generals were called to secret trial today as acknowledged traitors to Soviet Russia, conspirators with an enemy power.

They face swift execution without the right of appeal under the law. An official communique said every one had pleaded guilty.

Most conspicuous of those summoned to trial was Marshal Mikhail Nikolaevich Tukhachevsky, one of the five marshals of the Red army. He was vice-minister of war until last May 11.

## BLAZE TRAPS VICTIMS OF TRAGEDY

Service Station Also Destroyed as Fuel Pump Is Hit

By FRANK ORR

The charred bodies of two county ambulance orderlies lay in a morgue today. At First street and Verano road a blackened, twisted mass of steel lay under a ruined service station.

Meanwhile an investigation into the sudden, flaming death which followed a collision between the county ambulance and a small automobile at the intersection last evening at 5:45 o'clock.

Ernest Biggs, 32-year-old Los Angeles medical student, and Ray Riley, 27-year-old employee of the

county hospital, died a horrible death as helpless spectators looked on after the ambulance slithered into the service station, snapped off a gasoline pump, and was turned into a holocaust when gasoline gushed over the sizzling motor.

Frantic attempts by bystanders to pull Riley out of the flaming wreckage were almost successful, but a sheet of flame balked the efforts just as Riley's senses fled. He almost been pulled out, and he fell back to die in the flames.

Meanwhile Orange county's death toll in traffic this year rose to 42 as 10-year-old Margaret Breu died in Long Beach from injuries sustained in a crash.

## URGE FLOOD PROTECTION

Riverside drive residents are in earnest about taking legal steps against the city of Santa Ana if their property is damaged by flood waters down the Santiago creek.

Howard R. McBride, president of the Citrus Juice and Flavor company, said today the property owners will go through with plans to notify Santa Ana of its responsibility for the flood menace.

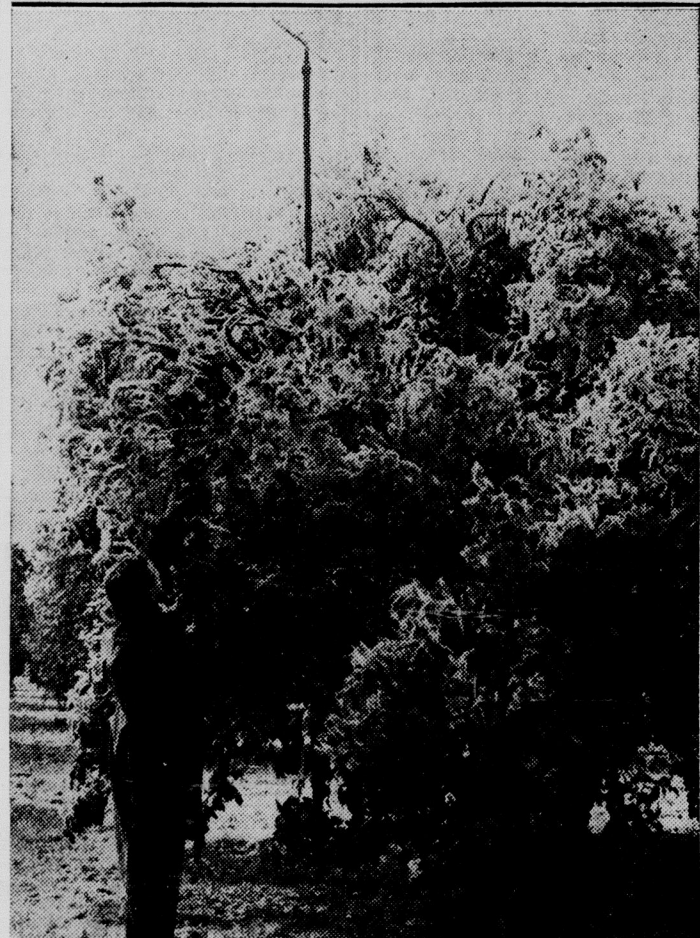

Property owners claim that retaining walls built by the city on the north side of Santiago creek on a curve have changed the course of the water, sending it against the south bank, where their homes are located. They say this caused washing out of their own retaining walls in the last flood.

'Real Menace' McBride said the danger lies in the water held back in the Santiago dam by sandbags. The property owners fear that if the water is left in the dam and another rain comes there will be a real flood menace, not only for the northern part of the city but for Irvine, Santiago and Jack Fisher parks.

McBride said the property owners presented a petition to the city several months ago, in plenty of time to get the flood control work included in the county-wide flood control program. But, he said, the city wants the property owners to spend \$25,000 to \$30,000 themselves on the project.

Ask County Aid Now that the city of Santa Ana has refused to help abolish the menace of floods by building retaining walls, the property owners will seek relief from the situation from the county. But Chairman Willard Smith of the board of supervisors said today the work cannot be included in the present county-wide water program.

He minimized the danger, saying there is not more than 2500 acre feet of water held back by the sandbags in the spillway of the dam. However, he did say that the county might be able to help from its regular flood control fund raised by taxation.

This is the way George Barfoot's orange grove looked last winter. He sprinkled it to save his fruit from frost. The system worked, for he's harvesting good fruit from his grove near Anaheim. His theory is that an orange glazed with ice will not freeze inside before warmer day temperatures melt the ice. "Brick" Gaines, Journal county editor, is shown surveying the tree.

## Ice Saves Fruit Barfoot Laughs at Smudgers

Maybe George Barfoot at Anaheim should have that \$5000 for the best system of protecting oranges from frost.

He just turns the sprinkler on the trees and lets ice form on the fruit. Folks laughed at him last winter when his grove became a mass of icicles.

A lot of the folks who chortled used smudge pots in their own groves. Now they are lucky if half of their fruit is salable.

Barfoot let them laugh last February. He's doing the grinning himself, now. He has just

picked 1190 packing boxes of oranges from his 10-acre grove. H. W. Pierce, manager of the Anaheim Cooperative association, which is marketing the fruit, said tests revealed no frost damage. Some of the near-by groves produced no marketable fruit.

C. C. Teague, president of the California Fruit Growers exchange, offered \$5000 for the best device to protect oranges from frost.

Maybe George Barfoot should enter the contest with a garden hose.

## START WATER BOND DRIVE MOORE QUILTS TOWNSEND

Organization of a county-wide citizens' committee to promote in excess of the \$250,000 water bond election went quietly but steadily ahead today.

As predicted exclusively in The Journal yesterday, A. J. McFadden, prominent Santa Ana agriculturist, who is president of the State Chamber of Commerce, will be a member of the executive committee of five members.

Whether or not McFadden will act as chairman of the committee was not certain today, but it is likely that he will, if he can find time from his numerous duties to do so.

The Journal learned that the plan is to have one representative from each supervisorial district on the executive committee. These executive members will form their own organizations in each of the five supervisorial districts in working out a program for urging citizens to pass the bond issue by an overwhelming majority.

The fact that Orange county will get a \$15,248,000 water program with eight flood control and water conservation dams and works for an expenditure of but \$2,500,000 is expected to result in little or no opposition to the water program. Construction work will be done by U. S. army engineers.

## FUND IS FOR FIRST YEAR OF WORK

Approval Is Given By House Committee to Appropriation

Congress started pushing bags filled with four million silver dollars toward Orange county today for use in the first year's construction work on a \$15,248,000 flood control program.

It marked the beginning of the end of all government red tape which must be cut before a actual construction work is launched on the huge project.

Water leaders hailed the news with great jubilation, as the house appropriations committee at Washington gave \$4,000,000 as the probable amount of the initial appropriation for Orange county's long-sought water program.

For Next Year As soon as the appropriation is granted by congress, all of the government's financial responsibility for the program for launching of the work will be completed. Then it will be up to Orange county to vote \$2,500,000 in water bonds to get the benefits of the \$15,248,000 program.

The \$4,000,000 was set up for expenditures by the government through the army engineers during the year 1938-39. Although the government plans to spend \$12,748,000 on Orange county's project, which embraces the construction of eight dams and other works.

Big Allotment Word received from Washington today by The Journal said the house appropriations committee recommended today a \$194,328,363 appropriation for the war department to finance flood control, river and harbor improvements and other non-military projects. Of the total, \$181,416,300 would go to the army engineers for flood control and river and harbor work.

The bill stipulates \$30,000,000 shall be available for construction of projects authorized by the 1936 omnibus flood control act, which embraces the Orange county program.

Of the \$30,000,000 recommended today, army engineers propose to spend \$6,500,000 for construction work on the Los Angeles and San Gabriel rivers in Southern California.

L. A. County A tentative priority list, made public with introduction of the war department civil functions appropriation bill, placed the Los Angeles-San Gabriel project in rank of projects to be undertaken during the next fiscal year.

The same list placed the Santa Ana river project, Orange county's project, in the group of projects to be undertaken in the 1938-39 fiscal year, and gave \$4,000,000 as the probable amount of the initial appropriation.

## No One Ever Enjoyed Too Many Laughs!

For the past few years the laugh crop has not been great enough to call for any plowing under. With war and politics, taxes and troubles spoiling digestions, a little bit of humor brightens up life. That is why The Journal runs a daily stint of humor. You'll find laughs in Bob Burns, "Skinny" Skirvin, Art Shannon, editorial paragraphs, jokes scattered throughout the paper, the comic page, special cartoons, and in the handling of some of the lighter news of Santa Ana, Orange county and the world. There is always a crop of laughs in The Journal. Watch for them. You'll like them.

# SIX COUNTY MEN ON WALNUT GROWERS' BOARD

## DECLINE FOR CROP HERE IS SHOWN

Orange county used to produce most of the walnuts in the state of California. Now it produces but 6 per cent of the state tonnage as the center of walnut activities continues to shift to the northern and central part of the state.

This fact was brought out at the annual meeting of the California Walnut Growers association in Los Angeles yesterday afternoon, when six Orange county men were reelected on the state board of directors.

### Confer Attends

Packing house managers estimated that the association will pack \$15,000 bags of walnuts the coming season out of a total anticipated crop of more than a million bags on the Pacific coast. The \$15,000 bags packed this past season.

A. E. Confer, manager of the Santa Ana Walnut Growers association, who attended the meeting, said the local house expects to handle 11,500 bags as compared with 6,500 bags this past season. He expects the season to open early in September. If there is no hot spell to damage the nuts, he said the quality of the walnuts will be the finest in many years. A bumper crop is expected.

### Two Houses Close

Orange county agriculturists are continuing to pull out their walnut trees, replacing them with citrus fruits, it was reported. Cheaper land in the central and northern part of the state makes walnut growing in those sections more economical than in this county, it was stated.

It was learned that two Orange county walnut associations have closed up, growers affiliating with other houses. The Fullerton-Placentia association, a charter member of the state organization and pioneer walnut marketing association, has been disbanded, as has the Capistrano association.

### Teague Re-elected

At the meeting yesterday C. C. Teague was reelected president of the state association, and A. J. McFadden, prominent Orange

### CIVILIAN DEPUTIES PREPARE FOR BATTLE

MONROE, Mich. (AP)—An armed peace prevailed here today as deputized civilians prepared to resist with gunfire any retaliation by a striking steel workers' picket line last night.

The intervention of Homer Martin, United Automobile Workers president, who ordered 750 Pontiac U. A. W. A. members to desist after an early morning motorcade had advanced within 10 miles of Monroe, relieved but did not end the tension.

All factories in Pontiac except the Fisher Body plant were operating today. At Saginaw, however, a strike closed the General Motors foundry, employing 5,500, and necessitated a virtual shutdown of the Chevrolet Motor Co. plant at Flint where 14,000 were idle.

The picket line broken late yesterday by the embattled civilians with the aid of gas and clubs bristled with guns today, but they were in the hands of 60 special policemen, most of them non-striking employees of the Newton Steel Co.

It was the reopening of the Newton plant, controlled by the Republic Steel Corp., which precipitated yesterday's clash.

county agriculturist, was reelected first vice president.

Directors from Orange county reelected were L. E. Smith of Santa Ana; J. A. Smiley, Richland association; Orange; Walter Muckenthaler, Anaheim association; P. D. Brady, Garden Grove; A. J. McFadden, Irvine association; M. R. Stuthelst, La Habra; and E. J. Bastanchury, of the Bastanchury company.

## RENEW TAYLOR VALET HUNT

LOS ANGELES. (AP)—Zealous detectives pursued a new clue in the 15-year-old William Desmond Taylor case today, hunting below the Mexican border for the missing valet of the slain film director.

Acting on a tip that Edward F. Sands, who vanished at the time Taylor was found shot to death in his Hollywood apartment, had been seen recently near San Diego, Chief Investigator Eugene Williams of the district attorney's office led sleuths southward.

"We want to find Sands to eliminate him from the picture as a suspect, so his name cannot be brought up to confuse the issue after an arrest is made," said Williams.

The capture of Sands would in no way change the murder theory evolved by Williams upon recently uncovered evidence, he said.

## Townsend Seeks Brinton's Arrest

CHICAGO. (AP)—Dr. Francis E. Townsend, old age pension advocate, obtained a warrant today for the arrest of J. W. Brinton, former vice president and general manager of the Prosperity Publishing company.

The warrant charged "refusal to pay" a \$15,000 prize money for a Townsend weekly subscription contest. Brinton and 11 other officers of the Townsend national organization resigned last Saturday.

juries incurred in an accident near the Arches Sunday in Orange county.

Charles C. Wilson, 25, 417 East Second street, was the driver of the small car with which the ambulance collided after driving through a boulevard stop sign, siren screaming, on what health officers said was an emergency call to La Paz Mexican colony. Wilson, taken to Santa Ana Valley hospital, was reported seriously injured. He may go home this afternoon.

Ironically, the two Mexican girls for whom the ambulance was rushing at the time of the tragedy were both in the county hospital's isolation ward today, resting easily. One of them, 12-year-old Edna Hernandez, was operated on last night for appendicitis. It was her attack which caused Dr. K. H. Sutherland, county health officer, to dispatch the ambulance on the call which ended in death.

Siren Screamed

Nine-year-old Teresa Hernandez was under treatment for scarlet fever.

According to bystanders, who escaped with their lives through the back door of the combination service station-store, the ambulance was traveling south on Venano road, siren open, and Wilson's small car was going west on First street.

The ambulance, not required by law to make boulevard stops when on emergency calls, drove into the intersection, witnesses said, at the same time the Wilson car entered it.

Biggs, in a sudden attempt to avoid a collision, swung his heavy vehicle to the right, and Wilson pulled his car to the left. The vehicles glanced off each other, the ambulance crashing into the filling station and bursting into flames. Wilson's car stopped south of the station.

The ambulance, according to measurements made by officers, traveled 80 feet from the point of impact to the service station. Wilson's car traveled 90 feet.

Leaves Family

Hundreds of spectators gathered at the scene, and Santa Ana police, sheriff's officers, and highway patrolmen sped to the intersection to prevent looting of the wreckage by souvenir-hunters.

Biggs, driver of the ambulance, was a medical student at Loma Linda, working part-time at the hospital to earn his expenses. He was married and leaves a wife and child at 1907 New Jersey street, Los Angeles. He had worked here only a few months.

Riley, an employee of the hospital for several years, was single and lived at 208 North Ross street, according to hospital records.

Race With Death

The Breu girl, injured at the Arches last Sunday in an accident which killed her mother, Mrs. Anna Breu, died yesterday in S-a-side hospital, Long Beach.

Her father, John Breu, railway superintendent and president of the Antilla, Cuba, Rotary club, won an air race with death when he reached her bedside just before she died.

Landing at Grand Central airport, Glendale, from a transport plane yesterday, Breu was met by a representative of the Long Rotary club who rushed him to his daughter's side at the hospital. She died a few moments later. His son, John, 15, and another daughter, Emily, 5, are left. Mrs. Breu succumbed to her injuries Tuesday.

An inquest into the ambulance orderlies' deaths will be conducted Monday at 3 p. m. in the Brown and Wagner mortuary, where the bodies were taken. Coroner Earl Abbey said today an inquest would be held Monday at 10 a. m. at the Dixon chapel, Costa Mesa, into the traffic death of Harold Scovel, 18, killed in a Costa Mesa crash Wednesday.

## PROBE OF F. D. R. TAXES URGED

WASHINGTON. (AP)—President Roosevelt signed today a resolution authorizing a broad congressional inquiry into tax dodging.

The investigation will be conducted by a joint congressional committee of six senators and six representatives yet to be named. At about the same time the President signed the resolution, Representative Fish (R. N. Y.) suggested on the house floor that the committee should look into the income tax return of President Roosevelt.

## Huge Financing Oversubscribed

WASHINGTON. (AP)—The treasury reported today that its \$800,000,000 note offering this week was about six times oversubscribed. The \$800,000,000 note issue was designed to provide for a \$300,000,000 maturity of discount bills June 15 and to put new cash in the treasury's dwindling working balance.

Momentarily I failed to even approximate the lady as a friend of some years' acquaintance, until a pallid smile aroused my sympathy and concern. If the Mexican highways were smoother and an intermittent attack of appendicitis more infrequent, the vacation trip would have been much more agreeable. However, vacation trips often have a silver lining, and the fern friend gets home with the anatomy all in one bunch, and thankful for it.

The controversy launched by the American Medical association recognizing the birth control issue, amplified by our own Dr. Raitt, that "the time will come when a person will have to have a license to have a baby," will mean a lot more to some people than others. There will always be a variation of opinion as to birth control. I'm always interested in babies. Joined a bunch of well-wishers just yesterday in sending a present to Frank Rogers of Ventura to validate my approval, but I must confess I've seen some mothers who knew about as much about raising a baby as I would know about raising alfalfa in the Ludlow lava beds, and some families who had about as much need for a larger family as I would have for another almond ranch. There is something to this discriminating motherhood.

warrants," Lambert declared. "The law that required advertising for bids was enacted for two purposes: to give the public notice that a purchase is to be made, and to obtain competitive bidding."

Called "Lease Contract"

"This scheme dodges both purposes and evades the law."

The warrant from Santa Ana was written as "rental due on 250 study top desks and 50 chairs with gliders" and due June 30 under a "lease contract."

A copy of the "lease," signed Jan. 15, provides that the agreement extends only to Feb. 28, with the school district paying \$400 "rent" for that period. It then provides that the school may "extend the lease" for eight months by giving notice and paying an additional \$2000 in four \$500 payments spaced two months apart.

After that the school may "buy" the desks for an additional \$335.70, according to the lease contract.

### Bid Arrangement

Another provision of the purported lease is that "if it becomes necessary to advertise for bids for rental during the extension period," the American Seating company will submit a sealed bid for \$2000. If at the end of the period of paying "rent" it becomes necessary to advertise for bids, the company agrees to submit a sealed bid for \$535.70.

Similar provisions were worked out for the high school at Placentia, except that the original payment was for \$490, just \$10 less than the limit the school should spend, and is disguised as rent for the period from April 15 to June 30.

Valencia High school then has the option to extend the "lease" for 11 months, making payments of \$450 until the price of the seats is reached."

### To Check Legality

Lambert asserted the so-called leases in each case showed on their face an attempt to evade the law requiring an advertisement for bids.

He pointed out that they may be illegal also for encumbering funds of a following fiscal year for goods delivered in the present fiscal year.

The auditor today took the question up with the district attorney's office for a further check into the legal angles.

## FRANCE DRAFTS PEACE PLAN

PARIS. (AP)—France officially drafted a three-point program embracing proposed mediation of the Spanish war today, with prospects apparently bright for the return of Germany and Italy to European non-intervention activity.

The program, which will be proposed again to Germany and Italy, again send their representatives back to the council table of the European non-intervention committee in London, follows:

1. Reinforcement of the control plan which has as its purpose the barring of foreign arms and men from Spain.
2. Withdrawal of all foreign volunteers now in Spain.
3. Mediation between the Spanish government and the insurgents.

# NEW FEDERAL RULE WOULD DOUBLE WPA COST TO CITIES HERE

## INCREASE IS PLACED AT \$36,000

Sponsors Now Pay 20 Per Cent Here on Their Projects

A proposal in Washington, D. C., that local communities be required to supply 40 per cent of the cost of relief projects was received in Orange county today with considerable consternation.

Word from Washington revealed that a senate appropriations subcommittee rewrote the administration's \$1,500,000,000 relief bill to require local communities to supply 40 per cent of the cost of relief projects.

If political subdivisions that sponsor WPA projects in Orange county are required to pay 40 per cent of the cost of relief projects, it will just about double their costs.

Now 20 Per Cent  
At present local sponsors pay about 20 per cent of the cost of projects on an average. The national average is from 13 to 17 per cent, WPA Administrator Harry Hopkins told members of the committee.

Sponsors of WPA projects in Orange county pay out about \$36,000 a month as their share of the costs of projects operating here, according to Dan Mulholland, chief of the construction division of WPA in this county.

Awaits Approval  
If the proposal is adopted this cost would mount to about \$72,000 a month. In Orange county the average monthly expenditures of the WPA on projects, besides the sponsor's contribution, amounts to about \$160,000.

However, the sub-committee's draft must be approved by the full committee, which is scheduled to meet in Washington. The subcommittee acted after the senate had authorized the creation of a special committee to investigate unemployment and relief policies and to formulate permanent programs for handling them.

## Six Specialists Examine ex-Queen

SINAI, Rumania. (AP)—Six specialists arrived today to examine the ailing Dowager Queen Marie of Rumania.

Sources close to the royal household said the physicians at the queen's summer residence here are Professor Hans Eppinger of Vienna, Walter Meyer of Zurich, J. Fernand Besancon of Paris, and three Italian doctors.

## Police Reports

The following information was taken from today's reports on file at the Santa Ana police department:

Officers here attempted to locate Elsa Eckhart yesterday after Bellflower police reported they had found an abandoned automobile carrying that name on the registration slip. At 816 North Flower street, the address given on the slip, officers found no one by that name.

A bicycle reported stolen Wednesday night while Carl Downs, 120 South Flower street, was at a motion picture, was found yesterday at Second and Artesia streets by Officers J. W. Foster and E. V. Adams and returned to the owner.

## Court Notes

Bessie Magee yesterday started suit in superior court here against Ralph T. Kinsman to collect on five promissory notes totaling \$1210. She alleged that the notes have not been paid and are past due.

Bank of America Trust and Savings association yesterday sought a judgment of \$7867.32 from L. J. Carden in an action over a promissory note alleged to be overdue and unpaid.

## SIMPSON DROPS SLANDER SUIT

LONDON. (AP)—Ernest Aldrich Simpson kissed the bible in King's court today and swore a voluntary oath that he had received not a cent to stand aside in the divorce that freed Wallis Warfield to marry his former monarch, Edward of Windsor.

Emphatically, in clipped phrases, the mild-mannered ship broker declared he had not been paid and that he had not received a promise of money or other consideration for failing to defend the action brought by his American-born former wife.

His avowal was followed promptly by an apology from Mrs. Joan Sutherland, through her counsel, and withdrawal of Simpson's suit accusing her of slanderously repeating gossip that he had been paid "for his silence."

The withdrawal closed another chapter in the love epic of the former Mrs. Simpson and the man who abdicated his throne to wed her, now the honeymooning Duke and Duchess of Windsor.

Sir Patrick Hastings, Mrs. Sutherland's attorney, declared Mrs. Sutherland was extremely sorry that she was among those who repeated the slander for which the ship broker brought action against her.

## Libby Holman to Marry Jack Doyle?

LONDON. (AP)—The Daily Mail today linked the names of Jack Doyle, handsome prize-fighter, and blues-singer Libby Holman, in a possible romance.

The newspaper read the name of Miss Holman, widow of Smith Reynolds of the Reynolds Tobacco company family, into an interview Doyle gave before he sailed yesterday for the United States.

In the interview Doyle said he expected "to marry a beautiful, young, brunet, American widow who is a millionaire with a fortune in tobacco."

Doyle also declared his prospective bride was in London recently to see him.

Miss Holman, who recently left for Paris after an engagement here during the coronation, fits all these qualifications, the paper points out.

## Townsend News, Views

By  
WALTER R. ROBB

Townsendites who are really informed won't attach much importance to the press report appearing in yesterday's papers to the effect that a new drive is being instituted to obtain support for the McGroarty old-age pension bill. The dispatch states that an attempt will be made to rally former Townsend advocates back of the California congressman's bill.

California Townsendites will laugh when they read that George C. Highley, former aid of Dr. Townsend in Los Angeles offices, "arrived to conduct a drive for the enactment of the legislation introduced by Representative McGroarty of Tuljunga." They know that a man of Highley's type couldn't influence congress if he had a meritorious matter to present for their consideration.

The press goes on to say that the McGroarty bill is a much modified version of Townsend's \$200 per month bill. "Much modified" is a correct expression—its conditions are so untenable that any chance of it being considered in congress is very unlikely. The write-up goes on to outline that the McGroarty bill is more conservative than the general welfare act of 1937, in that it proposes only \$100 per month pensions to these over 60. It also says that there is strong tendency on the part of the Townsendites of the nation to favor the lesser amount pension bill. The inference is left that the general welfare act provides for \$200 per month minimum pensions, which every informed person knows is not true. For two years now the Townsend plan bill has only provided for pensions in such an amount as the 2 per cent transaction tax when applied to the nation's business would make possible. True there is a maximum pension possible, but it is hoped for under the Townsend bill of \$200, but that doesn't mean that provision for accepting a smaller amount hasn't been included in the Townsend bill, for it has.

Knowing Highley as the writer does, he can imagine the satisfaction that he now enjoys because Dr. Townsend's organization and its bill have run their ship into troubled waters. While the nation in general has been crediting the doctor as having made the nation possible, the need of pensions for the aged, Highley has been resorting to be-moaning the Townsend leader over the radio by inferring a lack of honest motives actuating him. The writer prophesies that Highley will fail in his objective, and will come back to the Pacific coast in a short while, a sadder but wiser man.

The press report proceeds further by saying: "McGroarty and Highley will ask all House members who have signed a petition for the discharge of Townsend's bill from the House ways and means committee to withdraw their signatures and place them on a second petition seeking recognition of the McGroarty measure." Highley said. That's probably a correct statement of what Highley has said. He has plenty of nerve—and it takes nerve for a man to go ask support from those whom he has ridiculed day after day over the

## F. D. R. LAUDS BATTLE FOR FORESTS

President Asks Public To Help in Guarding Against Fires

WASHINGTON, (AP)—President Roosevelt issued a formal statement yesterday saying he was proud to renew the battle begun 30 years ago by President Theodore Roosevelt to "conserve and rebuild our natural resources."

Warning against forest fires, the President issued a statement after posing with James Montgomery Flagg, artist, beside the latter's poster which is being donated to the government for use in a forest fire prevention campaign.

"More than 30 years ago," the President's statement said, "Theodore Roosevelt began a great battle which I have been proud to renew, the battle to conserve and rebuild our natural resources. America's forests are at last getting the care and the opportunity for renewal which they demand and which we depend upon. But the great enemy of our forests now is fire, fire which is started, nine times out of ten, by the carelessness of man."

Carelessness can be prevented, and it is to that end that James Montgomery Flagg has painted and presented to the nation this vivid picture. I hope all who visit the national forests will see it, for I am sure that having seen it they will remember it. It is with deep gratitude that I accept this painting on behalf of the United States government."

radio—but Highley has more nerve than anything else and will likely follow out what the press report says he intends doing. The situation makes the writer wish he could be an eye-witness to what will transpire when George Highley first approaches Representative Harry R. Sheppard from this district, to withdraw his name from the Townsend bill and place it upon the second petition spoken of in the news dispatch. The news came out of Washington a few weeks ago that when Representative Ford of California let loose a verbal description of Dr. Townsend and his representatives in general, which was not at all complimentary, that Representative Sheppard walked up to him and said in the presence of those in the Democratic cloak room, "Say that again Mr. Ford and I will knock your nose back between your eyes."

This may not be an exact report of Sheppard's statement but is very characteristic of what he would like to do in such a situation, and it might be recorded in history once again if George Highley approached Sheppard with a proposal for him to turn traitor to the Townsend movement.

No man ever gets very far who seeks to build his house upon the ruins of those of his neighbor. The world isn't built that way. It takes a good sport—one who fights fairly and honestly, but has only contempt for the man who seeks to ingratiate himself into the good graces of the people's movement after having used every means at his command to tear apart the foundations of the house they were building. Townsendites should not worry—George Highley, nor Representative McGroarty, won't get anywhere with their bill. It does not include in its makeup a spending requirement in connection with the pensions which it

## Lathrop Junior High News

With Warren Danielson as president, Thomas Okamoto as vice-president, George Kanno as secretary, Bob Perryman as reporter, Nick Rousso as sergeant, and Jimmie Dick Warren as cheer leader, the Lathrop Boys' L. X. L. is planning a big year of successful activity next fall.

The Lathrop branch library will be open to the public during the summer vacation, every day from 1 p. m. until 6 p. m. and three evenings a week, Monday, Wednesday, and Thursday, from 7 until 9 o'clock.

Boys and girls are signing up now for the "Sky High Book Club," a vacation reading club to be conducted at the library this summer. Students who join the "Sky High Book Club" will have an opportunity to earn a reading certificate. These reading certificates are new blue ones with gold seals and any boy or girl who joins the "Sky High Club" and reads at least 10 approved books will be entitled to a certificate. A large attractive chart with the names of all the club members will be posted in the library, where a record of the books will be kept.

For the smaller boys and girls there will be a children's story hour every Friday morning at 10 o'clock. Mrs. Lake, assistant librarian at the Lathrop library, will tell the stories. The first children's story hour will be Friday, June 25 at 10 o'clock and the stories will include: "The Bouncing Betsy," by Lathrop; "Ferdinand," by Leaf, and the "Story of Peter Pan," by Barrie. All children are invited to the story hour at the Lathrop branch library.

Lathrop students have been much interested in the beautiful detailed map of old Concord that has been on display in the library all week. The map, which belongs to Miss Lota Blythe, shows pictures of Louisa May Alcott's home, Ralph Waldo Emerson's home, where Paul Revere was captured before he reached Concord, and many other interesting historical items. Books pertaining to the map were arranged on either side of the display.

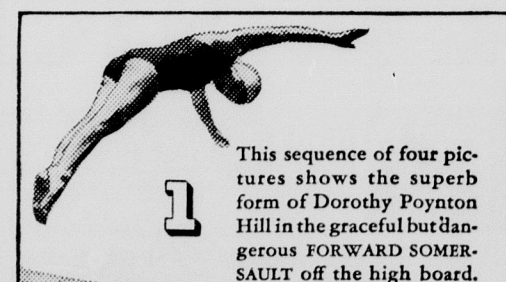

## 'Y' Leaders Get Certificates

A group of "Y" leaders received certificates at a meeting Monday evening at the Y. M. C. A. for service given during the past year.

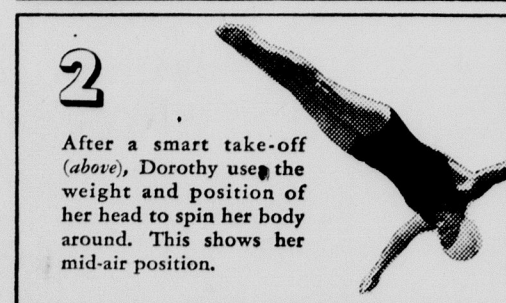

Glenn Layton presided at the meeting. The certificates were presented by R. C. Smedley, general secretary of the Y. M. C. A. Ed Budd, Joseph Frias and David Hunter gave brief summaries of the work done in various clubs. Lucas Lucio, Mexican leader, spoke briefly about the spirit of cooperation between the two friendly nations, Mexico and the United States.

Rev. Bash, pastor of the Orange avenue Christian church, led the invocation.

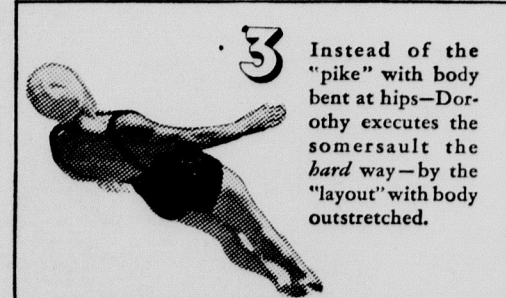

Certificates were awarded to the following: Charles Marshall, Richard Howland, Bob Hafer, J. D. Cobb, Carroll Ault, Kenneth Nissley, Willard Lutz, Robert Perry, Joseph Frias, Matt Lujan, Robert Frias, Fred Rivas, Robert Korff, Gene Griset, Leon Lauderbach, David Hunter, Glenn Layton, Vincent Humeston and Ed Budd.

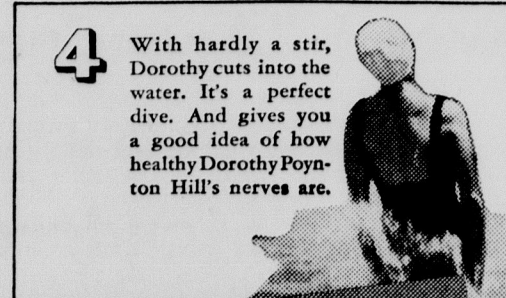

This sequence of four pictures shows the superb form of Dorothy Poynton Hill in the graceful but dangerous FORWARD SOMERSAULT off the high board.

After a smart take-off (above), Dorothy uses the weight and position of her head to spin her body around. This shows her mid-air position.

Instead of the "pike" with body bent at hips—Dorothy executes the somersault the hard way—by the "layout" with body outstretched.

With hardly a stir, Dorothy cuts into the water. It's a perfect dive. And gives you a good idea of how healthy Dorothy Poynton Hill's nerves are.

## URGE SPRAY YOWLING CATS ADDING UP TO KILL OAK TREE MOTH

Spraying for oak leaf moth must be done within the next few days if it is to be effective, in the opinion of agricultural men here.

The spraying must be done before the caterpillar gets into the pupae stage. After it turns into a moth, it hibernates and does not eat any of the sprayed leaves.

This season has been favorable for development of the moth. The infestation has been more severe than it was last year. A very heavy infestation was felt here in 1935, it was indicated.

This oak leaf moth is a caterpillar peculiar to oak trees and is found wherever oak trees grow. There is infestation as far north as San Francisco. Many trees in and around Santa Ana have been infested, but groves in Irvine park have been comparatively free from their ravages.

VETS' BOARD FILLED WASHINGTON, (AP)—Frank T. Hines, administrator of veterans' affairs, appointed for Rep. William J. Sears of Florida an associate member of the board of veterans' appeals yesterday, and promoted Robert L. Jarnagin of Shelbyville, Ill., to chairman.

## Court Opponents Meet For Report

WASHINGTON, (AP)—Majority members of the senate judiciary committee were called together yesterday to give final approval of their report against the Roosevelt court bill.

It was unlikely, even should they approve, that the report could be filed before next week, as senate leaders were planning a week-end recess.

The report was drafted by a sub-committee composed of Senators King (D., Utah), McCarran (D., Nev.), and O'Mahoney (D., Wyo.).

It was voted by 10 committee members. The other eight members voted to report the bill favorably.

Government agricultural experts say corn grows best on slightly acid and neutral soils.

# FAMOUS STORE BEGINS BIG SALE TOMORROW

## DEPARTMENT HEADS CUT PRICES

Event Planned to Set New Bargain Record For Santa Ana

The Santa Ana Famous Department Store, launches tomorrow, their Department Managers' Sale starting at 9 o'clock a. m. This sale is just what the name implies... a sale that is visualized, arranged and managed by the department heads throughout the store. General Manager George Kidd has issued orders to the heads of these departments, that the sale is in their hands, they can offer any article in their lines at what ever price they think best... to cut prices, to offer merchandise at less than has ever been known in the history of the store... and to bring to the Santa Ana and Orange county buying public such gigantic super bargains that will assure a volume of business to the store for that day that will surpass any high mark ever achieved in the past.

"Every department head is enthusiastic over the sale... each determined to ring up a high record for sales for the day... to do this they have cut prices on practically every article," said Manager Kidd. "From the way prices have been slashed I am sure that every visitor to our store tomorrow will be agreeably surprised, and will be able to find colossal bargains that they never dreamed existed in these days of climbing prices."

## DEPARTMENT MANAGERS IN WHOSE HANDS THIS \$50,000 SALE IS BEING DEVELOPED

Frank Ogle, manager shoes dept.

C. D. Richards, manager men's furnishings.

John Ortiz, manager men's clothing.

Eleanor McCabe, manager ready-to-wear.

Catherine Fishbaugh, manager yardage.

Lucille McAdoo, manager hosiery and sportswear.

Winston Roby, manager home furnishings.

Herman Jobst, manager boys' clothing.

Bill Smith, basement manager.

Ernest Velarde, assistant basement manager.

C. G. Reed, display manager.

"Special purchases in the shoe department has brought to the store for this sale an array of styles, colors and sizes that can not be equaled by other lines throughout the city. Shoes for every member of the family, in just the style and shade most desired, and all at prices far less than one usually pays for merchandise of such high quality. What ever you need in shoes for this week-end, be sure to visit the shoe department at the Famous Department store tomorrow... values await all and satisfaction guaranteed."

### Dress Display

"After weeks of searching by our eastern buyers, we now have in our racks the largest and most complete display of women's misses' and children's summer dresses ever shown in Santa Ana... dresses for all occasions; dresses for street wear, for afternoon parties; formal; for the evening; dresses for lounging 'round home; dresses for sport and play, all offered in this Department Managers' Sale at from 25 to 50 per cent under the cost you have anticipated."

"In our men's department there has just arrived for this sale wearing apparel for father, brother and son... new light weight sum-

mer suits in a vast number of styles, colors and patterns... hats in straw, panama, and felt; shirts in all materials for the warm days ahead in a wide range of patterns and shades as well as the ever popular whites. A size shirt for all from oversize men to the small boy, and all offered in our Department Managers' Sale tomorrow at great reductions... representing a saving to our customers that we know can not be equaled elsewhere."

### Home Furnishings

"Not only in men, women and children's wearing apparel have prices been slashed for this event, but also in home furnishings, garden and lawn needs; visit our basement for the super bargains of the entire sale; lawn furniture, lawn hose, lawn mowers, garden necessities, kitchen ware, fishing and hunting needs, camp and vacation requirements are all shown in this bargain basement of the Famous and at prices that will more than please the most conservative buyer. My department head in the basement store has already stated that he will lead all departments in increased business for the day, and to do this he has spared nothing but has reduced practically every thing in the basement store for the sale. For

MRS. GLADYS ADAMS McVICKARS, office manager and in charge of credit department.

real bargains in vacation needs I would urge all to visit our basement store tomorrow for the greatest of all bargains. "In fact visit all departments tomorrow. I assure you that you will not be urged to buy... pick out what you want, and courteous

## PAYS \$20 FINE ON SPEEDING

Harvey C. Atchley took "high man" honors in city court yesterday when he paid a \$20 fine on charges of speeding and failure to appear to answer a citation.

Other speeding fines included Leona B. Prescott, \$8; William O. Wagner, \$8; John J. Murray, \$6; and Mahlon Chalkley Chambers, \$6.

Everard Stovall, William McCormack and Foy M. Clingan paid \$2 each for missing boulevard stops, and Robert Holt paid \$1 for glaring headlights. Elsie W. Jacobs paid a \$1 fine for over-parking.

salesmen and salesladies will attend your every want, and I feel assured that you will be highly pleased with any and all purchases you may make at our store during this sale... Department Managers' Sale of the Famous in Santa Ana," concluded Manager Kidd.

## Denies Guilt on Vagrancy Count

Park Webb, nabbed by police Wednesday night while assertedly peeping in a window of a home, today was in the county jail awaiting trial in city court on vagrancy charges.

Webb pleaded not guilty before City Judge John G. Mitchell yesterday and heard trial set for June 16 at 10 a. m. He was held under \$500 bond.

## Lost Brief Case Is Returned

How much trouble would you take to see that a lost brief case was returned to its owner? Alvin Edwards, fireman at the Sycamore street station, has succeeded in returning a brief case to Hugh Carey, formerly with the Associated Press, after weeks of effort.

Carey called The Journal many weeks ago, announcing he had found Carey's brief case. The address on it indicated Carey was from the Middle West. An effort to find him through the Associated

## TOASTMASTERS DISCUSS LABOR

Labor was the theme of talks by El Camino Toastmasters last night with Philip N. Hood as toastmaster.

Robert Haven with "How About the Farm Worker" considered the problems confronting both the farm laborer and his employer. The case of migratory labor was discussed by W. H. Blanding. William McQuarrie considered education as one of the greatest necessities in solving all problems.

Fred McCandless and E. S. Wooster treated the labor-capital problem. The most emotional speech was given by Dr. C. J. Ruley, who took the side of labor. McCandless was given first place and Ruley second, with the

Press failed because he was no longer working for that organization. But Edwards persisted, writing letters, and finally contacted Carey's brother. He learned that Carey is now living near Norwalk. He has his brief case back.

## OFFER CREDIT AT FAMOUS

A very pleasing department of the Famous Department store, is that of Credit, which is in charge of Mrs. Gladys Adams McVickars.

When seen yesterday Mrs. McVickars said in explanation of this department: "Cheerful credit is always given here at the Famous to all who deserve it. We have a monthly account credit which allows certain customers a month in which to pay for all goods purchased during that month; in this plan the account is payable in full on the first of each month. We have another that is known as the Budget Accounts which applies to wearing apparel, and the terms are \$5 down, balance in monthly payments of \$5.00. And then there is our Lease accounts which carry such merchandise as home appliances, radios, furniture, refrigerators, gas and electric ranges, etc., which can be purchased here at the Famous on a payment of as little as \$5 down and balance in small monthly payments over a certain period of months. There is a small carrying charge on lease accounts."

latter considered by special critic Duane Armstrong as the speaker having the most audience appeal. Critics were W. L. Jolivet, Ralph Raitt, Tom Orr, Glenn Wooley, W. F. Cuddy and T. D. MacBird, with Ralph Smedley as general critic. Applications were received from Jack Bascom, Charles Calkins and J. Myers for membership.

The United States with a telephone density of 13.69 phones per 100 inhabitants has 40 per cent of the world's total of 35,028,000 telephones.

GAINES

No one has seemed very excited at a reported plan to reorganize the Associated Chambers of Commerce of Orange County.

Even The Press hasn't shouted and waved its arms, which is unusual.

But I think it's a good idea. With all due respect to hard-working George Kellogg and Dr. C. G. Huston, two past presidents, and to President Jack Crill I think the Associated has needed something during the past two or three years.

I'll never forget one of my first newspaper assignments. Way back about 1925 I was sent over to Orange to cover an Associated meeting. Even greener than now, I was startled at first by the shouting and arguments and apparent disagreements, and if I remember rightly, finally ended up by hiding behind my napkin for fear someone'd pick on me.

But the surprising thing followed the meeting. Everyone apparently forgot their disagreements and went away arm-in-arm.

My personal remembrance comes from the day following that meeting. I misquoted H. H. Hale, the Placentia warrior. He turned his guns loose on me over the telephone, and before he got through I was wishing I'd never entered the newspaper business.

But he got over it and we've been good friends ever since. Incidentally, all the arguments were about water!

But here's what I'm trying to point out: In those days, the Associated was a slam-bang, bawling, hair-pulling, blood-and-thunder organization. Members didn't care what the subject of the meeting was, just so they had their chance to stand up and howl. And most everyone was afraid to stay away from meetings, both because they might miss something and because they might be put on the pan—in a nice way, of course.

And don't let anyone try to tell you those rip-roaring arguments didn't do a lot of good! Not only did many good improvements come from the battles, but the air would be cleared for weeks afterward. Belligerent guys who thought the feller from over in the next town was a deep-dyed scoundrel would decide he wasn't such a bad skate after all, and would even condescend to speak to him on the street the next day.

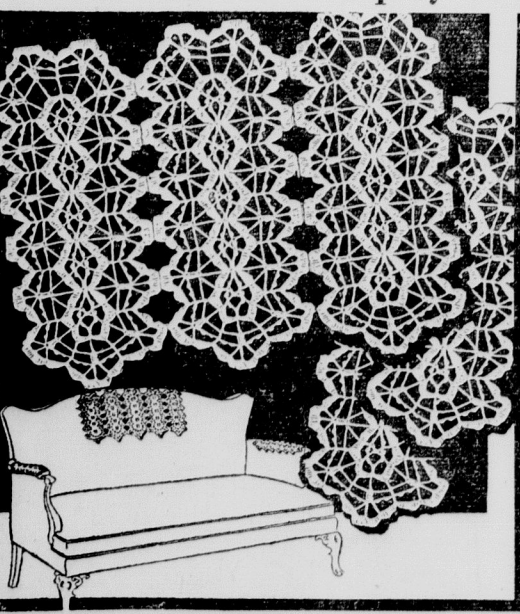

I seem to remember remarkable verbal engagements during those terrific days. O. T. Stephens and Art McBride from La Habra, Ralph McFadden and Pop Hale from Placentia, some of the guys from the beach towns—forget their names now—they used to be, one might say, the life of the party.

Don't think, however, I'm trying to say the Associated has changed into a sissy organization. It has not. But there aren't enough fights!

The last good battle, I think, came when Santa Ana got uppity and everyone snapped and snarled, and finally the Farm Bureau, other organizations representing communities but not chambers of commerce in name, and newspapers were denied membership.

The old constitution and by-laws had been lost or misplaced or something, and a new set of rules was drafted. The main cause for argument—immediate action by the Associated—was removed when a clause was inserted that any resolution must be considered

# MIDWAY CITY OWNERS START MOVE FOR SEWER DISTRICT

## FIRST STEPS TAKEN FOR CAMPAIGN

Committee Named to  
Petition Formation of  
Sanitary Area

MIDWAY CITY.—First definite steps toward a long-sought project in the Midway City district were taken Wednesday night when property owners started a move toward forming a sanitary district, which would serve an area which includes about 200 homes.

Eighteen property owners met in the office of E. L. Hensley, president of the Midway City Chamber of Commerce, with Supervisor John C. Mitchell, to discuss plans for the project.

Mitchell told the group that 80 per cent of such a project, which undoubtedly would include installation of a complete sewer system, would be met by the government. No concrete plans either for connection with the outfall sewer line or construction of a disposal plant are being considered at this time, it was reported.

Dr. R. L. Johnson was named chairman of a committee, which will draw a petition asking the board of supervisors to call a special election forming the district. Other members are Hensley, R. F. Hazzard, N. A. Nelson, J. A. Houlihan and Mrs. Peter Young.

## Card Club Has Tustin Meeting

TUSTIN.—Mrs. Harold Carson was hostess Wednesday evening to the Eighty-third club in her home on Pacific avenue.

Mrs. Jimmie McCulla held high score at the end of an evening of contract, and Mrs. Orlo Householder scored low.

Members present were Mrs. Rena Bouchard, Mrs. Bob Geotting, Mrs. Householder, Mrs. Ernest Hazzard, and Mrs. McCulla. Substitutes were Mrs. Philip Brooks and Mrs. Albert Thorman.

## RETURNS HOME

GARDEN GROVE.—Miss Eleanor Crill has returned from a week at Lake Arrowhead and Big Bear in company with Miss Mary Van Diemen of Whittier.

## ENTERTAINMENT GUESTS

WESTMINSTER.—Mr. and Mrs. Lem Hay have as their houseguests this week, Mr. and Mrs. John Hay and daughter of Texas.

for 28 days before action by the group. In that way arguments and decisions were hoisted over upon member chambers instead of the parent organization.

Heave out that clause. Let action be taken on anything members want. Let all chambers have representatives present, so there won't be any need for waiting a month before deciding upon important issues. Then we'll have fun! And, as in the old days, members will be afraid to stay away!

Let smaller organizations back into the fold. They don't snarl, or anything. Give the Farm Bureau a vote. And keep out the newspapers. You'll see the Associated start going to town again, bigger and better than ever!

And I'll say anyone two-to-one I'll get my ears slapped down before morning!

Does anyone know who the young feller is who sells Liberty magazines in Placentia?

I'll bet he thinks I'm an old meanie. I moved away owing him a nickel. If he'll drop me a post card giving me his name and address, I'll pay all expenses and settle him by mail.

On account of people who move away and owe money to Liberty boys are the lowest form of humanity!

## First Four-Year Class Is Graduated at Valencia

PLACENTIA.—Graduation of the first class to attend four years at Valencia High school was held last evening at 8 p. m. in the new Bradford auditorium. Members of the '37 graduating class were freshmen enrolled during the first year Valencia High school was established.

The class of 17 graduates took part in the commencement program. The processional was followed with invocation by Dr. D. J. Brigham and the school orchestra, under the direction of Ernest Uzes, played several selections. Wilbur Schaner, graduating senior and student body president, gave a brief address of welcome, followed by the Valencia mixed chorus singing, directed by Miss Doris Pedern.

A. P. Patten, superintendent of Placentia schools, introduced Dr. W. H. Burton, professor of education at the University of Southern California, who was the speaker for the evening. A violin solo by Ernest Uzes was followed by presentation of awards.

Harry Heppner, president of the senior class, presented the class gift to Lewis Richards, next year's student body president. Principal J. B. Crossley presented the graduating class, and Warren Bradford, president of the board of trustees, presented diplomas. The Rev. Don Milligan pronounced the benediction.

The graduating class includes Victoria Allec, Ellen Beulke, Donald Dunham, Geraldine Edwards, Edgar Eisenacher, Lee Hamner, Harry Heppner, Norman Holland, Delbert Jones, Ray Kniften, Roy Parker, Howard Rose, Wilbur Schaner, Stanley Selinger, Harold Spurlock, Elita Thurman and Doris Tuffree.

# OILERS CHALLENGE STARS FOR LEAD TONIGHT

## SPORTS Copy- Wrighted

ODDS  
and  
ENDS  
By  
PAUL  
WRIGHT

Badminton is appreciated more in Riverside than Santa Ana, it seems. Attendance tells the complete story.

Eleven hundred persons (1100) turned out to greet Jack Purcell, Canadian who holds the world's championship, in Riverside the other night. Approximately 250—certainly no more than 300—fans were attracted to virtually the same program here the week before.

Purcell's amazing power of endurance was clearly shown at Riverside, where the Canadian played 18 holes of golf at the Victoria Country club as a starter, before engaging in three gruelling sets of badminton singles and the same number of doubles.

We're crawling out on the well-known limb tonight and picking the Stars to outshine the Oilers in the Municipal bowl's nightball titanic.

From the community of "black gold," Joe Rodgers is bringing a Huntington Beach team that has hit its stride (witness that 12-4 mauling of San Bernardino), and a team that is determined to regain some of the Oilers' lost prestige as defending southland champions.

Nevertheless, we're stringing with Santa Ana, by an approximate 5-to-3 score, to solve the slants of Chico Sabella.

"Doc" Smith's Smithies haven't forgotten that 3-0 shut-out at Huntington Beach May 18, when several of their well-kissed drives sailed right into Oiler hands, or were brought down with sensational catches. Those "hits" do not appear in the box score.

Crystallizing two other National league attractions tonight: Anaheim over Colton at Anaheim; Orange over Westminster at Westminster. Our record: 24 "rights" and 8 "wrongs" for a "batting average" of .750 for 32 prognostications.

Bottom of the barrel: Chaffey High is planning to change its athletic colors from blue and gold to red and white, which will lead to confusion next fall because Redlands' colors are red and white, and Santa Ana's Saints, new members of the Citrus Belt league, carry the same colors. Roy Riegels, onetime coach of Santa Ana Jaycees' rival, Pomona, has resigned as football mentor at Alhambra High school in Martinez, Calif., to accept a packing house position in Sacramento. Yes, he's the same Riegels who ran the wrong way in the Rose Bowl in '29. . . Bill Milligan, the Saints' heavyset tackle, is enrolling at S. A. J. C. in the fall, but eventually will transfer to the University of Pittsburgh, where a relative is on the faculty. . . The International Olympic Games committee has decided to hold the 1940 winter games at Sapporo, Japan, and has fixed August as the time for other competitions, including track and field. . . The new tennis club at Beverly Hills is the world's most exclusive. It has Elsworth Vines and Fred Perry among a limited membership of 125, and to become a member a player must receive the approval of the entire 125. . . Nearly 200,000 fish have been planted in forest streams and lakes by C. C. workers.

## Elks Release Rapier, Bank Signs Bristow; Senators Profit From Trade With Boston

### HANSON WINS FOR MARKET NINE, 5-1

Mel Toller Starts Late, Carpenters Beaten By Ward Leaders, 4-1

SANTA ANA CITY LEAGUE  
Montgomery Ward, 4; Carpenters, 1.  
Grand Central Market, 5; Commercial National Bank, 1.

Outright release of Joe Rapier, the Elks' No. 1 pitcher for "conduct detrimental to the league," was announced today by Manager Kenneth Miller of the E. P. O. E. club and Kenneth Morrison, league president. At the same time, the Commercial National bank announced the signing of Ed Bristow, ace right-hander, giving the bankers the best-balanced hurling staff in the league.

A sunburned back prevented Pitcher Mel Toller of the Carpenters from starting last night's feature game, which aided the league-leading Montgomery Ward's in winning from the hammer-and-saw boys, 4 to 1. Armand (Lefty) Hanson held the Commercial National Bank in check as the Grand Centrals breezed to a 5 to 1 victory in the other attraction.

Jordan Is Effective  
Walt Jordan had the "Nail Pounders" guessing all evening, allowing five scattered hits and issuing only one free pass to reverse the decision of several weeks ago, when the Carpenters handed him his only defeat of the season.

Warren Mann led off with a perfectly-placed punt in front of the plate in the first inning. Jim Wendorf got to second when Bagwell, Carpenter third sacker, threw between Wiener's legs at first. Mann going to third. Maurice Young slammed a hit through third to score Mann, but Wendorf was out at home on the next play, when Wiener tossed to the plate after getting "Red" Sullivan at first.

Ward's scored two more in the third on a second punt by Mann, a punt by Wendorf, who went to third when Wiener threw the ball into center field trying to catch Jim, and Sullivan's double into right.

Earl Bagwell knocked a two-bagger into left to score Maurice (Buck) White with the only run of the "Nail Drivers" in the fifth. Montgomery Ward had scored its last run in the fourth on Young's second hit and a double by Collins.

Toller came in the fourth, but it was too late. He allowed only three hits and a run in his three innings.

Holmes, Bell Perform  
Two former Santa Ana Junior college football greats made highly successful returns to the City league wars last night. Bob Holmes, now playing center in football at University of Arizona, and "Porky" Bell, former Don halfback, hit home runs for the Grand Centrals. Bob, in his first trip to the plate, smacked the ball out in right field.

Commercial's drew first blood in the second on a hit by Ervin Youel, and a punt by Jesse Ojeda to score one run.

Holmes' homer evened things in the last of the second frame, and the score remained tied until the last half of the fourth, when the Market boys made three more. Four successive hits, including a double by Holmes, manufactured the tallies.

## HUSKY CREWS EAST BOUND

Washington Strives for Another 'Triple' in Poughkeepsie Race

SEATTLE. (AP) — With a fair chance to duplicate their astounding triple-triumph of last year, three crews of the University of Washington made ready to leave this evening to defend their national championships in the intercollegiate rowing regatta at Poughkeepsie, N. Y., June 22.

In the big Hudson River event last season, the mighty Washington navy rowed off with the varsity, junior-varsity and freshman titles to become the first school ever to score a three-way sweep.

This year Coach Al Ulbrickson again has built three speedy water-wagons. This fact was proved when the Huskies won all three races from University of California in the Pacific Coast regatta with the freshmen and junior-varsity boats establishing new records on the Oakland estuary course.

And the same oarsmen who rowed undefeated "around the world" last season, climaxing the tour with an Olympic Games victory in Berlin, are still manning the varsity shell. They won the Pacific coast, National and Olympic titles in 1936.

Ulbrickson is hoping, of course, that he is hardly expecting his glory slaves to make it a grand slam again.

"We'll be trying, but don't count on us too much for another clean sweep," was his parting shot.

"Our varsity is as fast as it was last year but it runs hot and cold. One day it looks great and the next not so hot. Also we expect stronger competition. Navy has a fast boat and you can't overlook Cornell, California and even Syracuse.

### Distance in Midget Win Over Hanks

LOS ANGELES. (AP) — Peeewe Distance snapped Sam Hank's winning streak last night by keeping in the 50-lap main event of Gilmore speedway's midget auto program.

### The Bat Bag

Both the Carpenters and the Wards were hampered by injuries at the Bowl last night. . . Ralph Gudren, regular right fielder, did not see service because of a strained back. . . And Marvin Johnston got in the way of one of Jordan's fast balls in the first game to drop out of play.

Barney McCain got credit for the best catch of the season as he drove into the ground and came up with Gene Hitt's drive in the fourth inning of the first game.

The Commercial National Bank will have the best pitching staff in the league, with Young, Stout and Ed Bristow. . . And the best infield probably goes to the young-old combination of Young, Wendorf, Sullivan and Hitt of Ward's.

## SPORT SLANTS

Ask any National league pitcher what batter is most troublesome. The answer likely will be Joe Medwick.

The Cardinals' rugged outfielder is the most feared slugger in the senior loop. When Joe is on the rampage all brands of hurling look alike. He powders 'em all.

What's more, no pitcher relishes having Medwick drive the ball right back at him. When Joe connects he smacks out those low, screaming liners that whistle as they go by the moundmen.

Medwick isn't big—5 feet 9 inches, 180 pounds. But he is strong. You hear a lot about Pepper Martin's powerful build. Well, Medwick can hold his own with Martin or with anyone else on the Carl roster. And when he takes his cut at the ball, Medwick puts everything behind it.

Only a slump at the end of the season kept him from winning the 1936 National league batting championship. He hit .351 and drove in 138 runs, even so. He drove in the most runs, made the greatest number of hits, set a new league mark with 64 doubles.

One batting spree wrote his name in the all-time records of the circuit. Medwick got seven for seven in a doubleheader in St. Louis July 19. A couple of days later he batted Carl Hubbell for a double and two singles his first three times up at the Polo Grounds. When Hubbell finally got Joe out in the seventh inning, the Cards' slugger had 10 straight hits, tying the league mark.

That spree was part of the streak Medwick had last summer when he hit safely in 21 successive games. Danny MacFayden stopped him.

Joe makes no bones about it. His ambition is to win the National league batting crown.

## WASHINGTON GETS RID OF HEADACHES

Yankees Club Out 10-3 Decision to Shatter Chicago's Streak

BULLETIN  
NEW YORK. (AP) — The Brooklyn Dodgers today traded Tom Baker, 22-year-old right hander, to the New York Giants for Fred Fitzsimmons, veteran hurler, and a sum of money not announced.

By SID FEDER  
Associated Press Sports Writer

In more places than one, the belief was growing today that Mr. Tom (Moneybags) Yawkey had wound up on the short end again, for his latest venture on the ivory trading market doesn't appear to have done his own Boston Red Sox any particular good.

The Washington Senators seem to have all the better of it by obtaining Rick and Wes Ferrell, with Mel Almada thrown in, in return for Ben Chapman and Buck Newsom.

Of course, Boston has a crying need for a veteran outfielder like Chapman, but "temperamental" Ben hasn't been of much use to the Nats this year anyway, and is batting a mediocre .262. In Newsom the Senators are giving up a pitcher who, according to the record books, is hardly in the same league with Wes Ferrell, year after year.

At the same time, Washington came out with an ace pitcher and a crack catcher—easily one of the league's three-best—in Rick Ferrell, thereby plugging the one hole in the lineup since the season's opening gun.

Setting aside the theoretical "temperament" angle, in which Washington appears to be getting rid of two manager's "headaches" (Newsom and Chapman) and receiving only one in return (Wes Ferrell) you find these facts in the records:

Ferrell and Newsom are both about 29, but the former has 19 years' experience to Buck's six. Ferrell, in his last eight years, has averaged better than 20 victories per season. Newsom never has had a 20-game year. Last year, when he won 17 and lost 15, was his best. This season both started poorly.

Chapman, batting .262, hasn't fitted into the Washington picture against such outright opposition as Jonathan Stone, hitting .331, Al Simmons and Jesse Hill. Rick Ferrell, on the other hand, gives the Nats a .308 clout for this season and a potential .300 hitter year after year.

The trade stole the headlines away from yesterday's major league program, eclipsing even the end of the Chicago White Sox's 10-game winning streak, longest of the majors this season. The New York Yankees clubbed out a 10-3 win over the Sox to end the run and regain sole possession of the American league's first place.

While the National league-leading New York Giants were idle, along with the St. Louis Cardinals, the Chicago Cubs moved to within half a game of the top by walloping the Brooklyn Dodgers 9-3 behind Bill Lee's effective hurling.

The Tigers staged a two-run ninth-inning rally and topped the Athletics 4-3. The St. Louis Browns whipped the Senators 5-3, and the Red Sox and Indians were rained out.

The Cincinnati Reds' two-run spurge in the ninth was enough to top the Boston Bees 6-5 and, in the only other big league game, the Phillies made it two in a row over the Pirates with 5-4 decision.

Trailing 8 to 0 in the last half of the fifth, the Seattle wrecking crew went to work, scored five runs and added two in the sixth and two more in the seventh to tie up the game. There were 36 hits in the game. Seattle made 19 and Portland 17.

Los Angeles and the San Francisco Missions remained idle in the bay city because of wet grounds.

## Morrill, Sabella On Ridge at Bowl

"Earl Morrill has never beaten one of my clubs and he never will," boldly remarked Huntington Beach's fiery little skipper, Joe Rodgers, at the start of the season. Tonight, inside the Municipal bowl at 8:15 o'clock, Joe and his defending champion Oilers will be out to protect this record against Santa Ana's league-leading Stars. The record crowd of the season is anticipated by Commissioner Horace Snow, in charge of the "gate."

"Earl Morrill can never beat us," boasts Jovial Joe Rodgers, who leads his 1936 champion Oilers in action against Santa Ana's Stars at the Municipal bowl tonight.

AUGIE GALAN and BILL JURGES, Cubs—Galan hit homer, and two singles, and Jurges hit four singles, each sending three runs across, in 9-3 win over Dodgers.

BILLY ROGELL, Tigers—Hit single with bases loaded to drive in winning run in 4-3 victory over Athletics.

DOLPH CAMILLI, Phillies—Hit homer, triple and single and scored two runs in 5-4 win over Pirates.

Bracketed at 71, a stroke under even figures, were Mike Turnesa, of Elmford, N. Y.; Ralph Guldahl of Chicago, Henry Fieard of Hershey, Pa., and Fred Morrison of Pasadena, Calif.

Lighthouse Harry Cooper, runner-up last year at Baltusrol, was even par with 72, sharing a tie with Jimmy Demaret of Houston, Tex.; Ted Longworth of Portland, Ore.; Pat Sawyer of Minneapolis, Minn.; Marvin Stahl of Lansing, Mich.; Ed Kingsley, Utah amateur.

## PLANE CRASH KEY HELD TO BE OXYGEN

Doctor Says Flying At  
High Altitude Cause  
Of 'Air Neurosis'

ATLANTIC CITY, N. J. (AP)—A "what the hell" attitude which airplane pilots find impossible to overcome when flying at high altitudes is responsible for a large number of airplane accidents, Dr. L. Barach of New York said before the American Medical Association yesterday.

This "air neurosis," he declared, results from a deficiency of oxygen either in flying for a short time at high altitudes or for long periods at moderate altitudes.

It affects the heart to some extent, but its principal harm is to the brain. The pilot is unable to read his instruments, to keep his sense of balance, or to coordinate his muscles and cannot help feeling that "nothing is very important."

A majority of all airplane accidents have been held by bureau of air commerce inspectors to be due to "pilot error."

Whereas many of them must be due to lack of a special oxygen supply for him.

This, he believes, was the cause of the airplane crash in which the late Senator Bronson, cutting his way through the clouds, crashed in New Mexico was killed, which resulted in the recent drive for "safety in the air."

The pilot of that airplane had been in the air for nine hours previous to the crash, the New York physician said, during which he was exposed to oxygen deficiency and his mental faculties could not have been functioning normally.

The solution for this problem, particularly in the program for flying at altitudes greater than 12,000 feet now under way, must be the provision by airplane companies of a reserve oxygen supply for all pilots "for the sake of the flying public and the health of the aviators themselves," Dr. Barach added.

## RELIEF POLICY TO BE PROBED

WASHINGTON, (AP)—The senate yesterday authorized creation of a special committee to investigate unemployment and relief policies and to formulate permanent programs for handling them.

Without a record vote, the senate approved a recommendation of its audit committee to appropriate \$10,000 for the purpose. The inquiry will be made by a special committee of five. The resolution proposing the inquiry was offered by Senator Hatch (D-NM), who has been seeking action on it for more than a year.

It would authorize Vice President Garner to name the committee to investigate and study "policies of unemployment and relief, including an estimate of the number of persons now unemployed by reason of labor saving devices, mechanical and otherwise."

The committee would be directed to obtain all facts possible and to the problems to aid congress in enacting corrective legislation.

## TWO DISAPPEAR FROM BOAT

LE HAVRE, France (AP)—Police disclosed Dr. R. Dadiani, who described himself as the son of a Rumanian prince, had mysteriously disappeared following the loss at sea of his cabin mate under strange and romantic circumstances.

Dadiani had just completed his story to police of how Pedro Peroni, 28-year-old Brazilian Boy Scout representative, had been lost at sea from the liner Raul Soarez, as he paced the deck during a sultry dawn looking for a "beautiful blonde German girl," who was not named.

Peroni disappeared while the Raul Soarez was steaming along the coast of Portugal June 6.

Police officers said that after Dadiani finished his narrative he went back to the Raul Soarez and spent the night aboard ship. But, they said, he could not be found yesterday when the vessel was scheduled to sail for Hamburg where he was to land.

## Banker Admits Embezzlement

TACOMA, Wash. (AP)—H. C. Harmany, former assistant vice-president of the National Bank of Tacoma, in a signed statement yesterday admitted embezzlement of an undisclosed sum from the National Bank of Tacoma, largest financial institution of the city.

The shortage was officially announced by R. R. Mattison, president of the bank. He included an announcement of the discharge of Harmany, who headed the bank's bond department. He said the loss was fully covered by a surety bond. He declared the rumor the amount was \$100,000 was "only a guess."

## Willard Junior High News

Opening the last and one of the best assemblies of the year, last Friday, Mr. Michel's popular orchestra played several numbers, followed by a short play. This skit, "My Aunt From New York," was given by the eighth graders, Wilmer Thwait, Natalie Thompson, Mary Jo Haskell and Irma Mae Youel. A piano solo by Alice Jean Irwin was next on the program.

A spicy play, "An Encounter With an Interviewer," and the two characters, Ted Clucas and David Carvichael, greatly entertained the audience. "Arrival In Person," with June Tway, Marjorie Mize, Bruce Adkinson and Henry Segerstrom, also proved delightful to the ninth grade audience.

The Willard-Lathrop Hi-Y club has just completed a very successful year, which has been filled with entertainment and education for everyone concerned. In the past year four dinners have been given by the boys.

The most creditable feat was the enlargement of the club from approximately 20 members to 50. A good basketball and baseball season was had with the club turning out good teams in both sports. Everyone is looking forward to another year and a larger membership.

The "Sea Fan" club, under the direction of Mr. Schmid, has had a good season. It was organized three months ago and since then five trips to Balboa and Laguna Beach have been taken.

"The club was organized to foster an interest in sea-life," stated Mr. Schmid. During the trips, specimens were collected and brought to Willard for study.

The ninth grade Girl Reserves have had a very successful year in learning about charm and personality, according to Miss Anderson, leader. Speakers have given talks on hair dressing and makeup. Several dances have been sponsored and there will be a formal dance June 12, for all ninth graders.

Concluding all competitive and honor activities for the year, awards for athletics, tennis, and the student government will be presented to the eligible students in assembly, June 11, in the auditorium.

Keith Jones, new president of the commissioners, and Elvin Hoots, newly chosen captain of the safeties, will be pledged into office by DeLacy Cook, retiring commissioner president, and Bill Hull, present safety captain, while the commissioners and safeties for next year will be installed and introduced to the students of Willard. Certificates of honor will be given to the retiring student government officers by Mrs. Grace Lund and Miss Mary Jane Steel, student government advisors. Marjorie Mize will be awarded a silver perpetual statue trophy by the 20-30 club as the winner of the 20-30 tennis tournament.

The high nine issue of the Echo, a special six page edition which sold for five cents, was off the press Wednesday noon. In addition to the regular features, the high nine class picture and an extra page of high nine news were carried.

Exclusive stories announcing officially and for the first time the new commissioners, safeties, and Echo staff members for next semester, appeared. A picture of the incoming and outgoing Echo staffs graced the front page.

As no extra copies were printed Gustavo Luziana, circulation manager, reported a complete sell-out in less than an hour. The Echo staff members for next year assisted the present staff in selling today.

In order to present all badges to the Girl Scouts of Santa Ana a court of awards was held, Friday, June 4, at Orange county.

The annual promotion dance, sponsored by the ninth grade mothers, will be held in the school cafeteria immediately following the promotion exercises, June 16, Mrs. Grace Lund, co-sponsor, stated today. Refreshments and music will be furnished by the mothers, assisted by Mrs. Lund. "The old rule," graduates only.

park when awards were presented by Mrs. Cresswell, of San Marino, to Willard girls from different Girl Scout Troops. The Girl Scouts and their guests enjoyed a picnic dinner and a program given by the girls. The meeting was closed by the group singing "Taps" and a nuptial solo by Irene Noble.

Anaheim city park was the scene of the annual Willard student government picnic, Tuesday, June 8. All past and present commissioners, safeties and home room representatives were included on the outing. Swimming in the early part of the afternoon was enjoyed by many. Indoor, volleyball and football followed. As an aftermath every one enjoyed super delicious winners and everything that goes with them.

The faculty members of Willard are going to spend their hard earned vacations in many different ways. Some are staying close to home while others are traveling far away.

Summer school will claim three Willard teachers, Mr. Mitchell, who will enroll at U. S. C.; Mrs. Meeks, who will attend the University of California at Berkeley; Miss Greene, who will study at Columbia university in New York.

Miss Anderson hopes to meet Miss Greene in New York the latter part of July and come home with her by boat.

Miss Mueller is going to Mexico City and then to Chicago, while Miss Ball plans a tour of the national parks, spending most of her time at the Grand canyon.

Mrs. Wright is planning to spend her vacation at Vancouver. Mrs. Minge is going to spend some of her time at Lake Tahoe.

Coach and Mrs. Lund are going to their usual spot in Yosemite. Mrs. Budd also plans to vacation there, stopping off, on the return trip for a week at San Francisco.

Miss Mary Jane Steel will visit at Grand Rapids, Mich., where she will be joined by Miss Fannie Steel the latter part of the summer.

Miss Libby, like the postman who takes a long walk on his vacation, is going to paint at Laguna Beach this summer. Others are also going to spend their summers at the beach including Mrs. Stewart, who will vacation at Catalina Island, and Mrs. M. D. Scott, Mr. Schmid and Mr. Froeschle, who will be at Balboa.

The Willard popular orchestra conducted by Mr. Michel, will play for the annual semi-formal dance, sponsored by the ninth grade Girl Reserves for all ninth graders, to be given June 12, at the Y.W.C.A. club rooms. Miss Anderson, advisor, announced today. The hall will be gaily decorated in blue and white, Willard colors. Assisting Miss Anderson will be Miss Porter, who heads the Girl Reserves in Santa Ana.

Mrs. Vivian Meeks and Miss Alberta Green, clothing teachers, are sponsoring a style show to be given for the mothers of Willard girls taking clothing this semester, Thursday, June 10, in room 214 from 3 until 5. The room will represent the ship S. S. Willard with a gang plank, anchors, life preservers and flags. All girls in the six clothing classes will model lounging pajamas, hostess coats, smart beach and bicycling outfits, right sport, afternoon and semi-formal dresses, and smart, brightly-colored sport jackets. Refreshments will be served at the close of the afternoon.

The annual promotion dance, sponsored by the ninth grade mothers, will be held in the school cafeteria immediately following the promotion exercises, June 16, Mrs. Grace Lund, co-sponsor, stated today. Refreshments and music will be furnished by the mothers, assisted by Mrs. Lund. "The old rule," graduates only.

Commissioners Are Named at Willard

Keith Jones will serve as president of next year's seven commissioners at Willard school, and Elvin Hoots will act as safety captain, Mrs. Grace Lund, vice principal, announced today. This was the outcome of the balloting held last week.

"The change in policy in the number of commissioners is an attempt to make the group less unwieldy in size. In addition, the boys' and girls' safety captains will be members of the commissioners," Mrs. Lund said. "It is hoped that this will give a closer unity to student government work."

Helen Holzgrafe and Elvin Hoots will be the boys' and girls' safety captains, while Helen Butcher, Betty Allen, Dorothy Eley and Clarence Harvey are to be commissioners-at-large.

Get next year's safety committee are Betty Froeschle, Mary Toyada, Natalie Nelson, Eloise Romero, Lila Moore, Irene Barp, Virginia Jordan, Lucile Hernandez, Lillian Montana, Helen Finley, Alta Pride, Wilmer Thwait, Betty Allen, Dorothy Crouch, Irma Youel and Melva Burke.

Boys on the committee are Milford Briblow, Hugh Brooks, Ted Finister, Lawrence Coffing, Howard Hughtel, Billy Prosch, Douglas Eyer, Elton Denner, Joel Hayes, Lloyd Groover, John Grandados, Joe Lara, Jack Hantsberger, Billy Gordon, Eugene Murphy, Fred Rosenbaum, Richard Gibson, Ray Shoemaker, Don Lieberman, Dexter Ball, Raul Bantas, Alex Oviado, Homer Ballard and Roger Low.

Commissioners Are Named at Willard

Keith Jones will serve as president of next year's seven commissioners at Willard school, and Elvin Hoots will act as safety captain, Mrs. Grace Lund, vice principal, announced today. This was the outcome of the balloting held last week.

"The change in policy in the number of commissioners is an attempt to make the group less unwieldy in size. In addition, the boys' and girls' safety captains will be members of the commissioners," Mrs. Lund said. "It is hoped that this will give a closer unity to student government work."

Helen Holzgrafe and Elvin Hoots will be the boys' and girls' safety captains, while Helen Butcher, Betty Allen, Dorothy Eley and Clarence Harvey are to be commissioners-at-large.

Get next year's safety committee are Betty Froeschle, Mary Toyada, Natalie Nelson, Eloise Romero, Lila Moore, Irene Barp, Virginia Jordan, Lucile Hernandez, Lillian Montana, Helen Finley, Alta Pride, Wilmer Thwait, Betty Allen, Dorothy Crouch, Irma Youel and Melva Burke.

Boys on the committee are Milford Briblow, Hugh Brooks, Ted Finister, Lawrence Coffing, Howard Hughtel, Billy Prosch, Douglas Eyer, Elton Denner, Joel Hayes, Lloyd Groover, John Grandados, Joe Lara, Jack Hantsberger, Billy Gordon, Eugene Murphy, Fred Rosenbaum, Richard Gibson, Ray Shoemaker, Don Lieberman, Dexter Ball, Raul Bantas, Alex Oviado, Homer Ballard and Roger Low.

## DECIDE RATE FOR OCEAN AIRMAIL

WASHINGTON, (AP)—The post-office department recommended to congress today a 20-cent per half ounce rate on first-class mail to be carried by a new transatlantic airmail service.

Congress appropriated \$750,000 for the service after learning it probably would be started this fall by Pan-American and British Imperial Airways.

Karl Crowley, postoffice department solicitor, testified before the house postoffice committee on a bill covering details of the airmail contracts by which the government will subsidize the Atlantic flights.

The bill provides a basic rate of not exceeding \$1.85 per pound per thousand statute miles for transportation of letters and cards and 50 cents per pound for parcel post.

Crowley suggested amendments to freeze the rates at those figures.

## BROKER DENIED RELEASE WRIT

SAN FRANCISCO, (AP)—The state supreme court yesterday denied the plea of Peter McDonough for a writ of habeas corpus in the wealthy bail bond broker's attempts to gain freedom from the county jail on a contempt of court charge.

Superior Judge James C. Conlan, who sent McDonough to jail, yesterday cited the broker's nephew, Harry Rice, on a similar charge to show cause why he should not be held in contempt.

McDonough went to prison after refusing to answer questions before the grand jury, investigating police graft charges.

The jury listened to "tapped wire" evidence purportedly showing conversations between members of McDonough Brothers bail bond firm, police officials and others.

Edwin Atherton, former government agent employed by the city as special agent to investigate craft charges, termed the bail bond firm the "fountain head of corruption" in San Francisco. The agent claimed more than \$1,000,000 graft was paid yearly by houses of gambling and ill repute.

## STOCKHOLDERS OF PACIFIC LIFE SUE

### Attack Reorganization of Insurance Firm as Invalid

LOS ANGELES, (AP)—Attacking the reorganization of the Pacific Mutual Life Insurance company as invalid, Attorney William H. Neblett has filed suit in federal court on behalf of stockholders of the old company.

The complaint asks that all assets and properties of the old company, valued at more than \$215,000,000, be conveyed back to it, and that a receiver be named pending disposition of the suit.

Neblett filed the suit in the name of Fannie E. Hutchins, described as owner of 50 shares of stock and as acting on behalf of all other stockholders.

Pacific Mutual does business in more than 40 states.

Superior Judge Henry Willis approved the reorganization plan of State Insurance Commissioner Samuel Carpenter for the company last December.

The complaint asserted, however, that Carpenter never legally held the office of insurance commissioner because at the time of his appointment he was employed by subsidiaries of Pacific Mutual. Section 1901 of the California Insurance code, the complaint said, provides that no officer, agent or employee of an insurer is eligible for the post of insurance commissioner.

Neblett and four other policyholders of Pacific Mutual now have pending before the state supreme court an action in which they ask that Judge Willis' order approving Carpenter's reorganization plan be set aside.

### Nab Ex-Politician On Check Count

LOS ANGELES, (AP)—August R. Oliva, former wealthy San Francisco political figure, faced a bad check charge filed in San Jose yesterday. He was arrested here Wednesday after being acquitted on a grand theft charge.

In acquitting Oliva, the court ruled there was insufficient evidence to show that Oliva, as H. L. Macy had alleged, borrowed \$300 from him on a ring he represented to be a diamond, but which Macy said was only a zircon valued at only \$75.

### Cops Kindly To Tourists Now

LOS ANGELES, (AP)—Los Angeles traffic policemen, recruits in a citywide courtesy drive, have begun issuing a new form of warning to out-of-state motorists.

The warning, in polite language, informs the recipient he has violated a traffic regulation, but the officer deems the act was unintentional due to ignorance of local regulations.

The courtesy program is sponsored by the All-Year Club, whose chief duty is to increase tourist trade.

### Urges Woman Grads To Marry

LOS ANGELES, (AP)—Women graduates should help solve the unemployment problem by getting married, Dean Gordon S. Watkins advised the 1937 senior class of the University of California at Los Angeles.

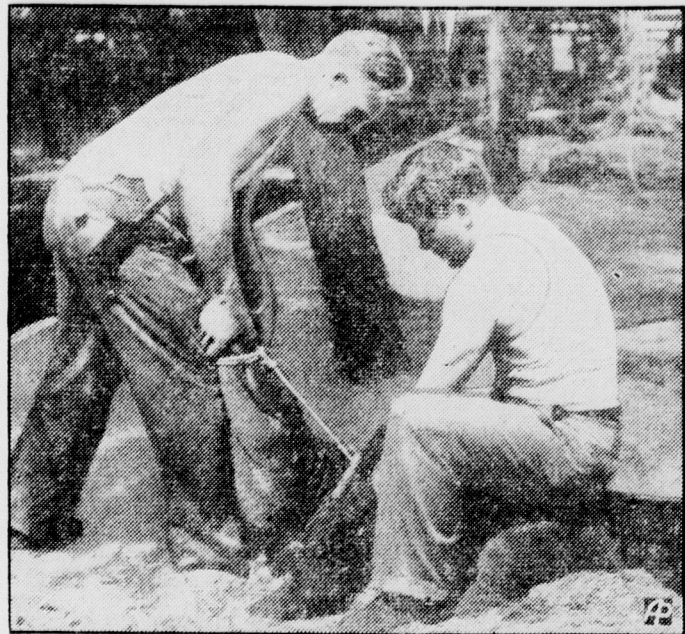

"If I were to tell you that you would be welcomed into the world with open arms," the educator said, "I'm afraid you would soon be as disillusioned as I was after fine graduation speeches."

### Award Jobs On Canal Project

WASHINGTON, (AP)—The Sharp and Fellows Contracting Company, Los Angeles, has won a \$269,721 reclamation bureau contract for construction of inlet and outlet works of the new river siphon, three highway bridges and two canal turnouts near Calexico, Cal., on the All-American Canal.

A contract for fabrication and installation of the steel plate barrel of the siphon was awarded the Southwest Welding and Manufacturing Company, Alhambra, Cal.

## Roundup of the 'Gators

Amid great hissing and swishing, 6000 alligators were trussed up in Jacksonville, Fla., for removal to a new home in Daytona Beach. Here two men are undertaking the dangerous task of tying the mouth of a 1400-pound saurian.

## New Stethoscope Locates Sounds in Human Body

ATLANTIC CITY, N. J. (AP)—Expectant fathers can be warned in the future to prepare themselves for one, two or five children, two University of California physicians said today, by use of a new instrument similar to the sound detectors used by the army to locate enemy airplanes.

The instrument is a stethoscope, called a "synstethoscope" by its inventors, Dr. William J. Kerr and Dr. A. M. Basset. With it the physician for the first time can determine the exact location of sounds inside the human body. They demonstrated the device before the American Medical Association.

The physician can also use the instrument to make more specific studies of heart troubles, including the timing and pitch of heart sounds, of diseases of the lungs

and respiratory tract and friction within the lungs; of troubles in the vocal cords of opera and other singers, and the various "engine knocks" of the human body.

Former stethoscopes have had two earpieces and a single "pick up" microphone. The new instrument provides two microphones, one for each ear.

In a demonstration, a newspaper reporter who did not know a heart murmur from the sound of the ocean waves diagnosed accurately the direction of a heart leak.

Dr. Basset explained that the new instrument uses the basic principle, also used in the airplane detectors and soon to be used in motion picture sound recording, that normal human beings determine the location of sounds to the right or left depending on which ear the sound reaches first, Dr. Basset explained.

### Shoots Self To Death With Fire Extinguisher

LONDON, (AP)—An investigation disclosed today that George Southcombe, 42, had apparently shot himself to death with a fire extinguisher. He was found dead in his office with the extinguisher by his side.

The inquiry indicated he had removed the cylinder from the instrument, substituted a cartridge and then exploded the cartridge by striking the hammer of the extinguisher.

### HARLOW'S BODY LIES IN CRYPT

GLENDAL, (AP)—The body of Jean Harlow reposed today in a crypt close by the Wee Kirk o' the Heather pending decision on its disposition by her mother, Mrs. Jean Bello.

Later, the remains may be cremated. If not, they will be placed in a mausoleum at Forest Lawn Memorial Park.

The screen actress' funeral Wednesday, attended by 200 of Hollywood's best known actors, producers, directors and executives, was closed to the public.

### See Increase In Crop Loans

FRESNO, (AP)—Substantial increases in federal crop production loans during 1937 over 1936 were predicted at a meeting of officials of the Central California Farm Belt Production Loan Association. During the first four months of 1937, the Federal Intermediate Credit bank approved \$13,815,604 in loans for California, Utah, Oregon and Arizona.

## TAXING VIEW IS CLARIFIED BY MORGAN

NEW YORK, (AP)—J. P. Morgan's views on paying taxes were clarified today. The financier is opposed to "tax-dodging or tax-evasion," but feels that taxpayers complying with the law should not be censured for not paying more than they owe.

Returning from Europe last Monday, Morgan said in a chat with ship-news reporters: "If the government objects to tax evasion, it should change the laws, which can be done by congress, but the taxpayers must not be insulted."

He then further commented: "You only do what you are compelled to do by law, for it is never any pleasure for anyone to pay taxes. You don't do any more than you have to. It is just as bad to pay too much as too little."

His remarks received widespread publicity. Wednesday night Morgan said he was "surprised at the interpretation of some people seem to have put on my off-and-on remarks," and he issued this formal statement:

"My interview on shipboard with newspapermen last Monday took place before I had seen President Roosevelt's message on income tax evasion, with Secretary Morgan's letter. I am surprised at the interpretation that some people seem to have put on my off-and-on remarks, for I certainly have no sympathy with tax-dodging or tax-evasion, and had no thought of defending such practices."

"What I feel strongly is that when a taxpayer has complied with all the terms of the law, he should not be held up to reproach for not having paid more than he owed."

### BEAUTY FACES BALM SUIT

SANTA BARBARA, (AP)—Katherine McDonald Holmes, sometime "American beauty" of the silent screen, was accused of stealing the love of another woman's husband in a \$400,000 damage suit on file here today.

Mrs. Virginia Ferguson Collins, wife of a young brokerage employee, charged that Mrs. Holmes did "persuade, entice and abduct" James H. Collins this year.

Mrs. Collins' suit asked \$200,000 general damages and \$200,000 punitive damages. She followed it with a divorce action Wednesday.

A star on the Broadway stage before she entered the movies in 1917, Mrs. Holmes has lived here since her marriage to Chris Holmes, wealthy nephew of the yeast magnate, Max Fleishman. They were divorced several years ago.

### Ask \$2,000,000 For Boy's Death

LOS ANGELES, (AP)—Suit for \$2,000,000 damages was on file today in superior court by the parents of John Lewis Parry, 17, accidentally shot to death. Norman Applebaum, 18, who was identified as the one who killed young Parry, and his parents, are named defendants.

### Gallows for One, Life for Another

LOS ANGELES, (AP)—Despite a plea that his brother, Pat Goodwin, had no part in the robbery-killing of Harry Crowther, Jr., Grant Goodwin, 27, Wednesday heard his brother sentenced to life imprisonment. For himself, death on the gallows was decreed.

# ASK 95 NEW MERCHANT VESSELS

Kennedy Outlines Big  
Program For U. S.  
Cargo Fleet

WASHINGTON, (AP)—The administration has asked for a new, subsidized fleet of 95 passenger and cargo vessels to build up America's lagging merchant marine.

President Roosevelt recommended congress provide \$100,000,000 to start construction at once, and authorize the maritime commission to sign \$150,000,000 in construction contracts next year.

"For us, an adequate merchant marine has to be a new merchant marine," the President said.

**Program Outlined**

Chairman Joseph P. Kennedy of the maritime commission promptly outlined a program for constructing 60 cargo vessels, 24 passenger-cargo ships, 10 high speed tankers and one big liner to replace the Leviathan.

Private companies are ready to build 28 ships in the next 18 months to three years, Kennedy said.

President Roosevelt said in a statement:

"Over 95 per cent of the present American merchant marine will be obsolete in five years. In order to carry out our policy (of home owned shipping) this country must build ships immediately."

**Illustrates Point**

"To illustrate the problem in another way, except for oil tankers, there was not a single seagoing vessel of the passenger, combination or general cargo type under construction in an American shipyard in 1934 for either the domestic or the foreign trade.

"For the 15th consecutive year, not a single ship of the general cargo carrying type has been built in an American shipyard for foreign trade. During that same period only a few cargo vessels were built for domestic sea-going trade."

The shipping and merchant marine fleet corporation estimated two years ago that 270 ships hastily built during the World war could be put into service in case of an emergency.

# HOWARD IS TO EDIT 'ECHO'

Jack Howard will take over for the next semester the position of editor-in-chief of the Willard school "Echo," left vacant by Josephine Reuter, it was revealed today by Mrs. Vera Allen, faculty advisor.

Howard Bedford will act as managing editor, filling the place of David Carmichael. Frances Smith will handle the news, assisted by Jeanne Hockaday.

George Platt has been appointed feature editor; Winslow Porteous, boys' sport editor; and Constance Haisell, girls' sport editor.

Exchanges will be in the hands of Billy Thompson, while Joe Schmitz has been named humor editor; Virginia Steel, clubs; Elaine Howard, home room editor; Jane Holmes, alumni; Beatrice Gonzales, personals; and Juanita Caudle, faculty editor.

Marguerite Baker will act as literary editor; Joris Gold, columnist; and Sally Tiernan, as school editor, will have charge of all Willard news in the Santa Ana Journal and Register. In the business department, Bob Winterbourne will handle circulation, while Paul Patton will act as business manager.

# ASK LIQUOR BAN ON CARRIERS

WASHINGTON, (AP)—Women from 52 nations have called on their governments and transportation authorities to prohibit use of intoxicants by transportation operators while on duty and for 24 hours before.

A resolution approved by the world convention of the Women's Christian Temperance Union urged the prohibition for automobile drivers, aircraft pilots and railroad engineers and boatmen.

Delegates also asked prohibition of the sale or supply of alcoholic beverages at airports, aboard aircraft, in filling stations and on trains.

# L. A. Cadet Wins Military Honor

WEST POINT, N. Y., (AP)—Cadet Stanley Lowell Smith, of Los Angeles, was recipient today of the award for the highest rating in military efficiency among members of the graduating class of the U. S. Military academy, and the Pershing sword for the graduating cadet captain and regimental commander.

Recipients of gold stars for superior work included Gerald J. Korney of Hollywood, and Frederick M. Thompson of Los Angeles.

## BRAIN TUMOR LOCATED BY LIGHTS

New Method Announced At Meeting by New York Doctor

By STEPHEN J. McDONOUGH Associated Press Science Writer ATLANTIC CITY, N. J.—A new method of locating obscure brain tumors by measuring the reactions of the eyes to light was announced by Dr. Charles A. Elsberg of New York City before the American Neurological association.

Some tumors of the brain have been located by observing the ability of the iris, or light regulating mechanism of the eye, to react to light, he explained, but the new method consists of measuring to a high degree of accuracy the response to a definite light intensity or to a flickering light which "tires" the eye.

**Intricate Process**  
Vision is a complicated chain of events following the retina with its nerve cells at the back of the eye, the optic nerve leading to the back of the brain and a connection with the frontal part of the brain where the powers of memory and thought are located.

In addition to the commonly accepted steps of perception, discrimination, recording and memory, experiments have proved that a fifth step is involved—that of the brain sending a reverse message back to the eye, Dr. Elsberg declared.

**Eyes Never Tire**  
With this fact determined it is possible by the measurements of light intensity and flickering to determine the location of brain tumors which interfere with the processes of vision because the eye responds to the light according to where the tumor is obstructing the chain of events.

The flickering tests also have indicated that the familiar phrase "my eyes are tired" is not true, the New York specialist said, because the nerves of the retina and the optic nerve do not grow weary with use. Instead the brain itself tires and fails to send back responses to the light messages it receives.

## WHEAT CROP TO SET RECORD

WASHINGTON, (AP)—The agriculture department estimated the 1937 wheat crop today at between 824,000,000 and 849,000,000 bushels, one of the largest crops in seven years.

The department's crop reporting board, in its first glance of the season at the prospective crop, estimated winter wheat would amount to 648,597,000 bushels. It made a rough estimate on the basis of intended acreage that probable production of all spring wheat would be between 175,000,000 and 200,000,000 bushels.

The predicted production of winter wheat would compare with a crop of 518,013,000 bushels in 1936 and a five-year average of 623,220,000 bushels.

Last year's spring wheat production was 107,448,000 bushels and the five-year average was 241,312,000 bushels.

## AID SOUGHT IN EVACUATION

MADRID, (AP)—The diplomatic corps in Madrid today sought the help of outside powers in evacuating the capital's non-combatants—a problem with which Spanish civil and military authorities have wrestled almost since insurgents first laid siege to Madrid last Nov. 6.

Alcibiades Fecanah, Brazilian ambassador and leader of the corps, issued a note announcing he was carrying on the negotiations for "Prompt evacuation" in accordance with "the wishes expressed by the rest of the members" (of the corps).

The proposal would affect elderly, men, women and children.

## BRIDGE TAXES MUST BE PAID

MARTINEZ, Calif. (AP)—The American Toll Bridge company has lost in superior court here its claim to exemption from property taxes on the Carquinez and Antioch bridges.

In the action here the company sought return of \$13,593.25 in taxes paid under protest from 1931 to 1934. It contended it held no title to the bridges but merely held them as trustees for the counties which would own them outright at the end of the toll collection period. It asserted its only property rights were the franchises permitting tolls collections.

**Proposes Child Labor Regulation**  
WASHINGTON, (AP)—Katherine F. Lenroot, who heads the children's bureau, has proposed that congress provide a new program of federal-state cooperation on child labor regulation. Testifying before a joint congressional-labor committee, she suggested changes in the Black-Smokers wage and hour bill to permit use of state systems for enforcement of the measure's child labor provisions.

## LONG SCHOOL VACATIONS SCORED

Educator Has Plan To Help Students By All-Year Term

SANTA BARBARA. (AP)—President Clarence L. Phelps of Santa Barbara State college led a campaign today to abolish long summer vacations, contending the custom is a hang-over from pioneer days when students were needed at home to harvest crops.

In its stead, President Phelps urged an all-year term, divided into four quarters and two completely organized halves.

He said this would relieve the summer glut in the labor market which resulted from crowding the vacation period into the business year's dull season.

Students who must earn while they learn, under the Phelps plan, would be able at intervals to work three months or six months, according to need.

Large employers are interested, the educator said.

One of the rarest operations in medical history was performed on this baby, Barbara Stobie, 13 months, of Portland, Ore. Surgeons discovered that the embryo of her twin lay in a sac in her abdominal cavity. The lifeless embryo was removed and Barbara is recovering. Only 15 such cases have ever been recorded in medical circles.

back dividends accumulated on its preferred stock. The company announced authorization of the payment to holders of preferred stock of record June 15. After payment there will remain \$6.75 back dividends on the stock, the company said.

**QUIT FALSE ADVERTISING**  
WASHINGTON. (AP)—The federal trade commission announced Hollywood Hygienic Products, Inc., of Hollywood, Calif., has agreed to discontinue certain alleged false and misleading advertising of its products.

## POLAR SEA IS PROBED BY EXPLORERS

MOSCOW. (AP)—Four explorer-scientists of the Soviet Union plumb the north polar seas from their ice floe wintering camp and reported by radio to Moscow that they found a depth of 14,075 feet.

It required three hours of grueling labor to lower the sounding apparatus and twice that long to pull it up again. The position of the camp was reported as 88 54 degrees north and 21 west, about 150 miles from the pole in the direction of Greenland.

At a depth of about 650 to about 1970 feet, they found a "warm" current of water—33.386 degrees fahrenheit. At the bottom of the ocean the pressure crushed the thermometer.

## Report No Defect On Hindenburg

BERLIN. (AP)—The German commission investigating the Hindenburg disaster reported that it could find no evidence that structural or mechanical defect in the ship or faulty handling during the landing caused the fire.

"Technically the ship was in perfect condition when it prepared for landing," the report stated.

The commission, which returned recently from Lakehurst, N. J., will continue its efforts to find the cause of the explosion.

## Byrd Plane Will Carry Coffee Beans

ST. LOUIS. (AP)—From antarctic exploration to coffee bean transportation is the fate of the monoplane "Pilgrim," once used by Admiral Richard E. Byrd.

The plane has been sold to Charles Babb, aircraft dealer of Glendale, and is being overhauled here preliminary to carrying coffee beans from plantations to shipping centers in Mexico.

## Honeymoon Ends In Reformatory

VALENTINE, Neb. (AP)—District Judge E. L. Meyer sentenced Donald Blake, 16, and his 15-year-old bride, Evelyn Mayer Blake, Painesville, O., honeymooners, yesterday to serve seven years in the reformatory for robbing a filling station here.

## Cartoons Of Old King On Exhibit

SAN MARINO. (AP)—The reign of George III, who lost the American colonies, is depicted satirically in an exhibit of English cartoons of the late 18th century at the Huntington Art Gallery here this month.

Declared to be the world's largest football crowd, 150,000 fans saw Scotland defeat England at Glasgow, Scotland.

## Coast Asks Court Representative

SAN FRANCISCO. (AP)—Appointment of a United States supreme court justice from the Pacific coast was asked of President Roosevelt today by the San Francisco Bar association.

John H. Riordan, president of the bar group, said the coast had not been represented on the supreme court for more than 10 years.

# ALPHA BETA IS CELEBRATING ANNIVERSARY

## ORANGE COUNTY MARKET TO HAVE BIRTHDAY SALE

Appreciation of Public Patronage Will Be Acknowledged in Store-Wide Event for Fifth Anniversary in City

Something sensational is being offered in the way of foods at the Alpha Beta Orange County Food Markets, 1010 South Main street, in Santa Ana. This great organization is celebrating its fifth anniversary and in order to show its appreciation for a constantly increasing approval on the part of the buying public, is putting on a store-wide sale of the finest in foods it is possible to buy, and at prices attractively tempting. The management urges you to visit the store today and Saturday where special preparations have been made for your profit, your satisfaction and your entertainment, inasmuch as a carnival will exhibit during the business day so that you can shop and be entertained at the same time.

**Much Floor Space**  
In the beginning ample preparation was made by the far-seeing Alpha Beta Orange County Market for your shopping convenience. On this large expanse of floor space you will find foods alphabetically arranged which makes your shopping easy and convenient. There is no delay or inconvenience. You move with the flow of trade, and while you have ample time to make your selections, you do so with an ease that makes shopping a pleasure.

When it is known that you have more than a \$15,000 stock of merchandise from which to make your selections, the volume impresses you as having had thoughtful preparation on the part of the Orange County Market organization with your wishes as a first consideration. All of the departments which go to make up a complete food market are available for your decision and all on the ground floor. Groceries, fruits and vegetables are displayed for your inspection and approval. A large privately owned packing plant enables the Orange County Market to offer the choice cuts of meats, with the assurance of their freshness and naturally their palatability.

**Parking Arrangements**  
Another convenience which shoppers are beginning to appreciate more and more as crowded parking increases, is the preparation made for patrons so they may park their car on a lot alongside the market. For all those who desire to avail themselves of this service it is there for their convenience, and it is a great convenience as the shoppers well know. There does not appear to have been anything forgotten by the Orange County Market organization in its preparation to serve the public fine foods and convenient service.

This great Fifth Anniversary

Carnival sale will be in full swing Friday (today) and Saturday, June 11 and 12, and thoughtfully and appreciatively presented by A. W. Gerrard with the able assistance of J. R. (Mac) McClain, manager of the grocery department, who gives to the market his personal and careful attention. He will welcome you as well as his entire force to the carnival sale. The special features for the carnival are not specifically announced but they will be varied and unusually good that you will enjoy every one of them while doing your Friday and Saturday shopping at the Orange County Market, 1010 South Main street.

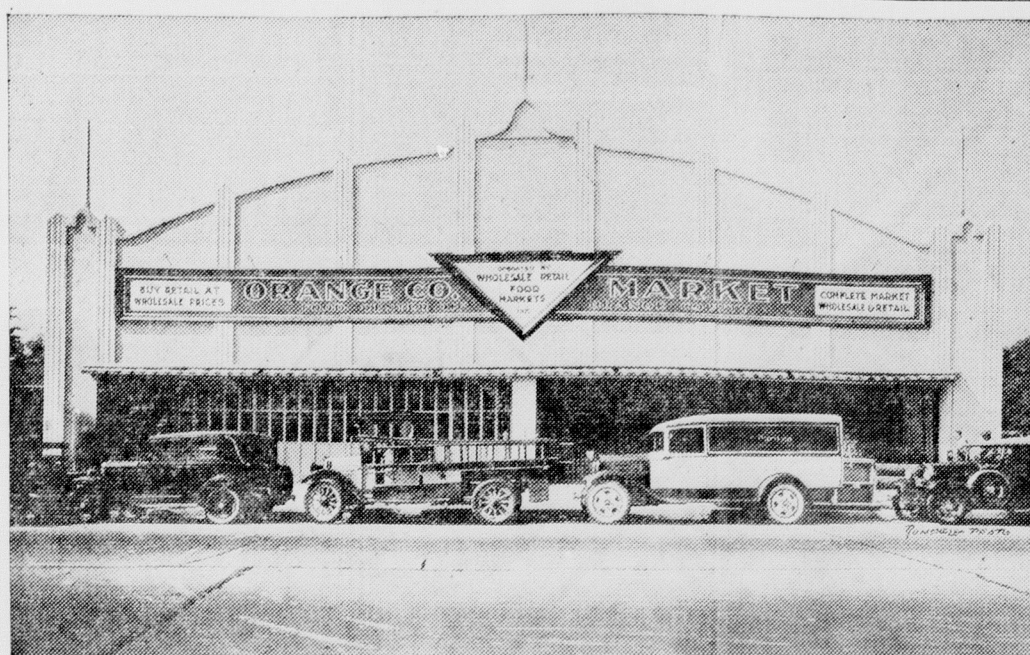

**Free Samples**  
Different manufacturers have taken advantage of this big event and will distribute free samples, including many novelties such as balloons, whistles and recipes for the household.

You better watch for the street parade. The main show and carnival will be at the Orange County Market, 1010 South Main street, but the anniversary prizes will prevail at all the Alpha Beta stores. Hugh A. Gerrard is expected to be at his old stamping ground at store No. 2.  
Oh, yes, the real values in this large event can be found in the great display advertisement in today's paper. Special attention is called to the vegetable offers.  
The carnival feature will include "Mighty, the Midget," the famous Folger carrier pigeons which will be released from the market at 4 p. m. You can send a pig-congram any place in the United States. "Trixie," the trained dog and the three Kyle clowns who starred in the great show, "Penalties from Heaven," will be here all day Saturday.

### Kin of Grant Held On Check Charge

LOS ANGELES. (AP)—Preliminary hearing for Isaac Hart Purdy, Jr., 23, of San Diego, who says he is a great grandson of the late President Grant, on charges of passing three bad checks totaling \$125, has been set for June 24.  
Young Purdy entered a plea of innocence Wednesday when he was arraigned. He is accused of having cashed the three checks drawn on a Mt. Kisco, N. Y. bank, at a Los Angeles hotel last February.  
"I've got a \$150,000 trust fund in that bank and I guess the only reason the checks were returned was because of a family disagreement at that time," said Purdy, arrested after returning from an Alaskan tour.

Famous Menal Suspension Bridge, opened in 1826, at Anglesey, Scotland, is to be reconstructed at a cost of \$1,140,000.

Home of the Alpha Beta Orange County Market where the fifth anniversary carnival sale is now going on.

## HOT DOG HAS COMPETITION Tourists Face Other Foods

By EDDY GILMORE  
WASHINGTON. (AP)—The American Automobile Association offered some vital statistics today on that gastronomic mongrel of the highway—the hot dog.  
Forty million Americans, the association estimated, annually hit the open road. They spend \$700,000,000 for food, a large portion of which goes for frankfurters.  
"The hot dog," said the analysis, "once held a dominant position in the nation's vacation diet, but now must compete with such offerings as:  
"Barbecue sandwiches.  
"Southwestern hot tamales.  
"Gulf coast pecan pies jam-balaya.  
"Gumbo.  
"Mississippi fried fish sandwiches."  
The organization's statisticians said the hot dog is an offspring of the sausage that adorned the banquet tables of ancient Greece.  
It came to the United States, they said, in the nineteenth century, but didn't leap into the culinary limelight until Harry Stevens tried it on an early baseball crowd at New York's polo grounds.  
The late T. A. (Tad) Dorgan, newspaper cartoonist, they said, nicknamed the frankfurter the "hot dog" and made it stick.

## 20 Officers Kept at Bay by Barrage of Potted Plants

SAN FRANCISCO. (AP)—The policemen weren't afraid of 51-year-old Edward Cavanaugh. It was his landlady's potted plants that kept the officers—all 20 of them—at bay.  
Assistant Police Inspector William T. Stanton said it all started Wednesday night when Cavanaugh went berserk at a boarding house, grabbed a butcher knife and terrorized 10 men and women. They locked him out of the house. On the front porch were 40 potted plants. He started breaking windows with them.  
A radio police car responded. Its occupants were met by a barrage of plants. Came more police cars and soon the street was cluttered with policemen and the street with broken flower pots.  
Stanton said Cavanaugh exhausted his botanical arsenal in about 15 minutes, then resorted to his butcher knife. Two shots fired in the air made him forget about the knife. Police hustled Cavanaugh to a hospital for observation. Only casualties were 40 potted plants.

## MORE WATER AT BOULDER DAM

WASHINGTON. (AP)—Reclamation bureau officials said today storage in Lake Mead, created on the Colorado river by Boulder dam, has reached 13,000,000 acre feet, providing a head of 428 feet for the power house turbines. Engineers said this is eight feet more than is required for continuous production of firm power.

## Man's Kidnap Story Probed

SALT LAKE CITY. (AP)—Police found Marvin C. Rottiger of Santa Monica, bound and gagged, lying on a dark, winding road near the state capital Wednesday night. Taken to a hospital, Rottiger asserted he had been kidnaped in the California city Monday, brought here in an automobile by four armed men, and had been trussed and gagged during most of that time. He was robbed of \$400, he said.  
W. A. Rorer, department of justice agent, said he would make an investigation. He said Rottiger's body and clothing showed no evidence of having been bound for the period he claimed.

## Woman Forger Gets Probation

LOS ANGELES. (AP)—Mrs. Evelyn West, 40, a bookkeeper, was on five years' probation today following her conviction on nine counts of forgery. Superior Judge Thomas P. White granted leniency despite a probation report which recommended clemency be denied because auditors for the company recently discovered a \$12,000 shortage in the firm's finances.  
"Just because this \$12,000 may have disappeared while she was working for the company there is no indication that Mrs. West took it," the judge commented.

## Convict Official Of Embezzlement

BRAWLEY. (AP)—Convicted of 11 counts of embezzlement of funds of the Imperial Irrigation District, Frank H. McIver, former treasurer of the district, faces sentence later this month.  
McIver, treasurer of the district for several years, was defeated in an election last February. The former official admitted he diverted \$2200 of the funds to his own use, but contended he did so because he believed the money was due him.

## FIRE IN GERMAN TOWN KILLS 5

HALLE, Germany. (AP)—A fiercely burning fire, fed by inflammable acids, killed at least five persons and injured four others Thursday in a freight depot.  
The mysterious blaze, railway administration officials said, "destroyed 120 freight cars loaded with 360 tons of goods and 45 empty cars."  
Only the heroism of railway workers prevented a worse disaster, realizing that some of the endangered cars were filled with tanks of liquid air that would have caused terrific explosions had the fire reached them, they shoved the cars out of danger, with the flames at their backs.  
The flames, swiftly spread by a series of explosions that showered flaming platform with blazing benzine and acids, were fought by the massed departments of this city, 20 surrounding villages, local factories, Reich labor service detachments, brown-shirted storm troopers and black-shirted "SS" men.

## 85 Per Cent of Grads Get Jobs

CAMBRIDGE, Mass. (AP)—President Karl T. Compton of Massachusetts Institute of Technology announced that of 513 seniors and advanced students receiving degrees this week, 85 per cent had already obtained employment.

## Educator Held

Thomas E. Elder, 65, retired dean of the Mount Hermon School for Boys at Northfield, Mass., held on a charge of assault with intent to murder S. Allen Norton of Greenfield, former treasurer of the school. Northfield officials questioned him concerning the unsolved shotgun slaying of Dr. Elliot Speer, headmaster, in 1934. Norton told police that Elder threatened him with a shotgun in his garage at night, but fled without firing.

greets this week, 85 per cent had already obtained employment.

## NEW CURE FOR COLDS SEEN

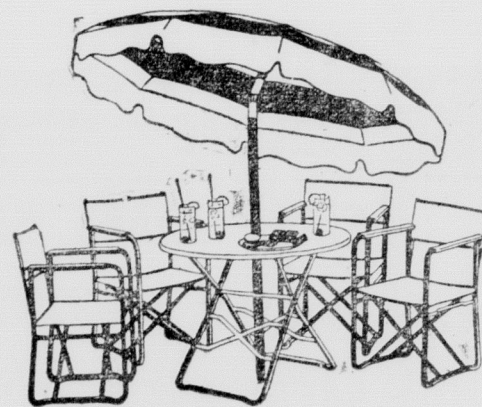

PHILADELPHIA. (AP)—A pink syrup scented with peppermint and carrying a vaccine derived from throat bacteria may result in the elimination of the common cold.  
Dr. Edward C. Rosenow, bacteriologist of the Mayo foundation, Rochester, Minn., described the syrup to the American Society of Clinical Pathologists meeting here recently.  
Dr. Rosenow said he had tested the vaccine on 6,893 persons in many sections of the country during the last year. They were patients selected because of their susceptibility to colds.  
Fully 91 per cent of them showed stronger resistance to colds. In about 65 per cent the improvement was very marked, he said.

## U.S. Air Strength Soon To Be 3000

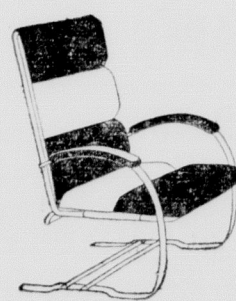

WASHINGTON. (AP)—General Malin Craig, army chief of staff, said in a statement that the combined airplane strength of the army, navy and marine corps soon would exceed 3,000.  
"The combat aircraft now being delivered to our army are unsurpassed elsewhere and are double or treble the power of the types purchased a few years ago," he said.

## WAR IN PAST YEARS STILL IS COSTLY

U. S. Paying 30 Millions Monthly In Pensions To Vets and Kin

WASHINGTON. (AP)—The wars of yesterday still are costing the government a pretty penny—\$30,000,000 a month for veterans' pensions alone.

Veterans' administration records show that approximately 595,000 veterans drew \$24,974,658 in pensions for April, while 317,809 dependents of deceased veterans collected \$7,984,279. A handful were peace-time casualties.

The war of 1812 ended 122 years ago, but the widow of one soldier and the daughter of another still draw pensions. They are Mrs. Carolina King of Cheektowaga, N. Y., and Mrs. Esther Ann Hill Morgan of Independence, Ore.

The number of hospitalized veterans increased in the 10 months before April 30, from 41,875 to 47,436. Those living in old age homes increased from 9,586 to 10,470.

## Gas Overcomes 400 in Refinery

LILLE, France. (AP)—Four hundred sugar refinery employees were overcome by gas yesterday but all were saved through quick action of physicians.

Soon after work started dozens of men began to topple at the refinery plant.

Emergency hospital crews and physicians from surrounding hospitals quickly evacuated the building.

## Ship to Assist Amelia Sets Sail

SAN PEDRO. (AP)—Bound for Howland Island, 5000 miles distant in the South Pacific ocean, the 220-foot electric cutter Itasca of the coast guard was on the high seas today.

With a crew of 100, the Itasca was believed dispatched to aid Amelia Earhart when she stops at Howland on her 'round-the-world' flight.

## Gives \$10,000 For Animal Shelter

PALO ALTO. (AP)—City officials announced today that Mrs. Margaret Ravenscroft of Santa Barbara was the donor of \$10,000 toward construction of the Palo Alto animal shelter, to be completed July 1.

The gift toward the \$17,000 structure was in memory of Mrs. Ravenscroft's parents, the late J. Sanborn Doe and Eleanor Doe of San Francisco.

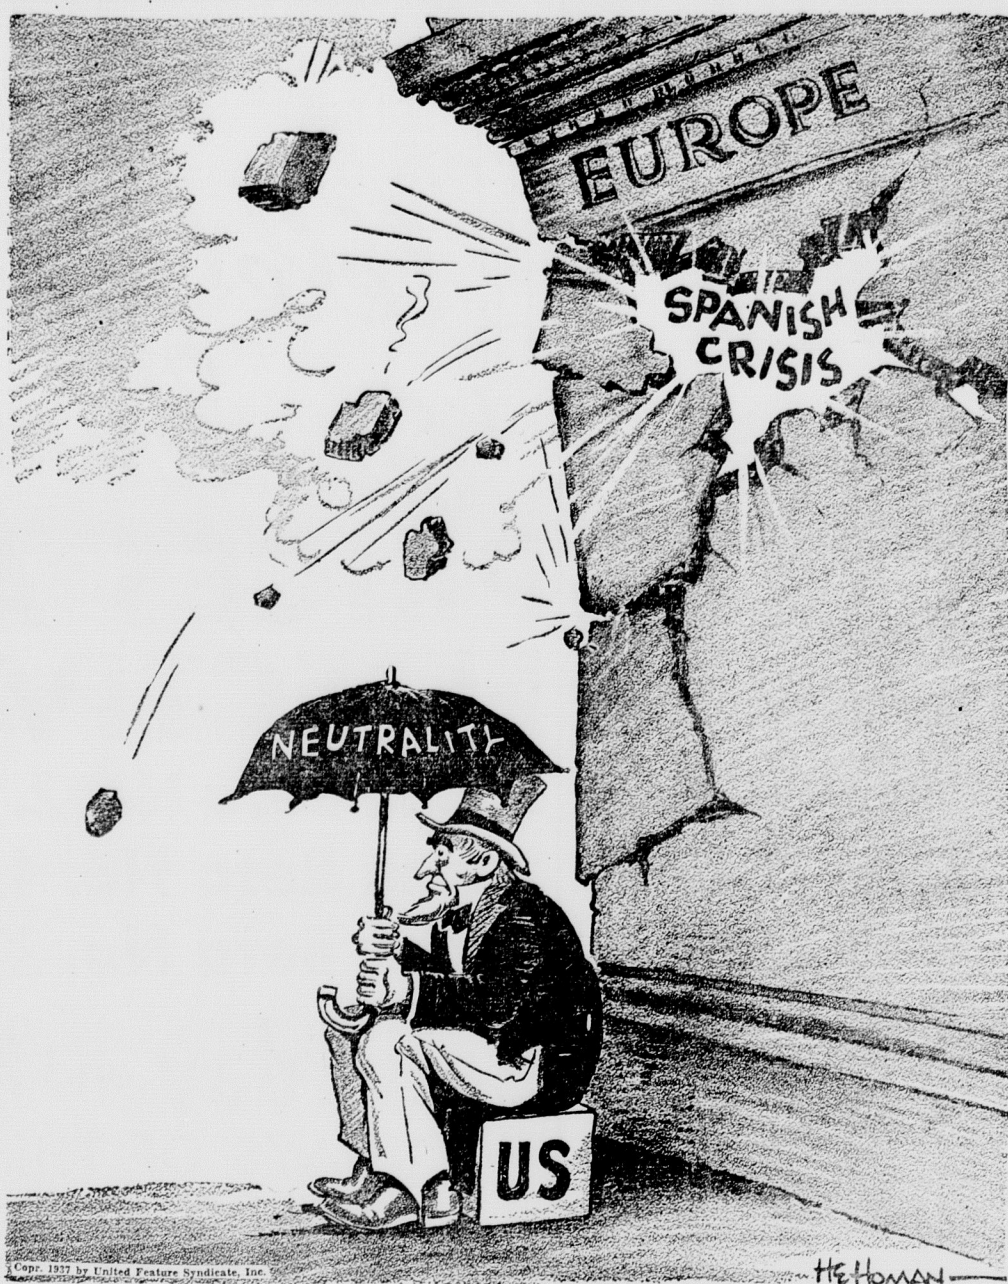

## Wants Youths on Election Boards

GLENDALE. (AP)—Supervisor Roger W. Jessup proposes to include youths who have just reached the age of 21 on election boards as an introduction for them into the science of government.

## Accuse Mojave Man Of Firing Tanker

PHILADELPHIA. (AP)—An indictment charging he set fire to the tanker Gulf Gem while it was at anchor at Las Piedras, Venezuela, last month, was returned by a federal grand jury against Frederick E. Carruthers of Mojave.

## SITTING TIGHT

## BEGIN DRIVE ON SECURITY TAX

WASHINGTON. (AP)—The internal revenue bureau reported it had instructed revenue collectors throughout the country "to begin an intensive drive" to collect delinquent social security taxes.

Guy T. Helving, internal revenue commissioner, said special emphasis would be placed on collection of taxes under the old age provisions of the security act. These taxes are due monthly. Levies under the unemployment provisions of the act are collected quarterly.

## Big Mail Cargo On Wrecked Plane

LOS ANGELES. (AP)—The Western Air Express liner which crashed into a mountain peak south of Salt Lake City last December carried 239 pounds of registered mail and 335 pounds of ordinary mail, Acting Postmaster Mary Briggs disclosed today.

Mrs. Briggs said she was hopeful that most of the mail will be recovered, adding the value of the registered mail is "problematical."

## Shorts Approved For Lifeguards

LOS ANGELES. (AP)—Lifeguards at city beaches henceforth can wear trunks instead of "full dress" bathing suits, the playground and recreation commission has decided.

## N. Y.-Bermuda Air Lines to Start

NEW YORK. (AP)—Passenger air service between New York and Bermuda will start June 16, it was announced as the Pan American Airways 21-ton Bermuda Clipper made its final survey flight to the islands.

## Jobs Or Training To Supplant Dole

LOS ANGELES. (AP)—Work or vocational training, 24 hours a week, will supplant the cash dole for thousands on the rolls of the Los Angeles county relief administration.

## KNOX TO HEAD 20-30 CLUB

John H. Knox, local hardware man, will be installed as president of the Santa Ana 20-30 club at a special ladies night session June 29 at the country club.

He succeeds Dr. Stanley Norton. Other officers elected are Lee Smith, title insurance executive, first vice-president, and Robert Schilling of the shoe store by that name, second vice-president.

Directors, in addition to the officers named above, are Joe Winder, stocks and bonds; Allen Carstensen, groceries; Jack Rivel, law, and Oliver Lindemeyer, real estate.

## BEGIN AVOCADO SIGNUP SOON

Avocado growers of this and other localities will open their annual cooperative marketing signup period next Tuesday, June 15, announces Carl Newman, the local district's grower-director of the Calavo Growers of California. Indications point to a brisk signup of many desiring to join the program to improve national avocado demand and distribution and to reduce marketing costs, he said.

Although the annual periods cover the latter part of the cooperative's fiscal year, more growers have joined during this season's first eight months than for any comparable period for the past five years, it was reported. Twice as many additional trees have been added to date this season as a year ago. Approximately 40,000 trees or 570 acres of commercial orchards, most of which are in bearing, have been added since the present season opened on Oct. 1, 1936.

Major factors contributing to the favorable gains made by Calavo to date this season include the rapidly increasing sales of agricultural specialty items, steadily decreasing marketing costs, and the increasing national demand and preference for the cooperatively-packed and distributed avocados and specialties. The growers' organization has shown consistent growth during the 14 years that it has been in operation.

## Paris to Damascus Air Race Planned

PARIS. (AP)—The French Aero club announced the air ministry has approved a France to Damascus air race as a substitute for the cancelled New York to Paris flight.

The Aero club said it had air ministry approval for the new course in a race to start from Istres, in southern France, Aug. 20, proceed to Damascus and end in Paris.

## Tulare Solon Put On Two Committees

WASHINGTON. (AP)—A. J. El-Hott, newly seated Tulare representative, has been tentatively assigned to membership on the public lands and public buildings and grounds committees, the house ways and means committee announced.

## James Roosevelt's Former Aide Weds

WASHINGTON. (AP)—Miss Isabel Wansley, until recently secretary of the White House to James Roosevelt, son of the President, became the bride yesterday of James Tumulty, Jr., of Jersey City, N. J.

## Toll Man's Job to Crack Shot

OAKLAND. (AP)—A small fortress, into which one-way chutes pour some \$15,000 a day, protects receipts of the giant San Francisco Oakland bay bridge.

So far the toll gate has not attracted holdup men, and Captain M. L. Silvey, in charge of collectors, expects no trouble in the future—not if the crooks "scout" the situation first.

"Every one of the 40 or 50 men normally on duty is armed," he explained. "We have our own target range and a man who can't shoot can't work here."

"Each collector gets only \$200 for change—not a big haul. When he finishes his shift he sacks his money and it goes through a one-way door to the counting room."

"That room is lined with crime armor and it would take a cannon to pierce it. The windows are bullet proof glass about two inches thick. They have small portholes, so we can shoot out without being fired on."

In the daytime, when the largest sums are on hand, traffic is so heavy that any interruption would

PORTHOLE ON BRIDGE

No Toll Paid to Crooks

create a bad traffic jam. In the opinion of officers, this would trap a holdup gang.

## Colored Pavement To Make Women More Beautiful and Men Romantic Is Fair Plan

SAN FRANCISCO. (AP)—Colored pavements which will make women seem more beautiful and men appear more romantic were promised today by a color expert for San Francisco's 1939 Golden Gate International Exposition.

It's not a trick with mirrors, said J. E. Stanton, who knows all about such things, but merely a matter of reflected light.

"The sidewalks and pathways of treasure island will be of asphalt mixed with a reddish color between maroon and magenta," said Stanton.

"This will raise the emotional level of visitors, keep them gay, vivacious. It will make the men appear more romantic and induce them to spend more freely. It will make the women appear younger, beautiful."

Stanton averred this will be the first time that color has been used to such a large extent in paving to reduce eye strain and make people feel happier.

"It is a known fact that reds and magentas have this effect," he said.

The exposition, in celebration of the two great San Francisco bays, will be held on a man-made "treasure island" of over 400 acres built on shoals in the middle of the bay. After the exposition, the island will become an airport.

## Grub Estate Pays \$4,000,000 Tax

SANTA BARBARA. (AP)—Executors of the Mrs. Alice Grub estate have paid the federal government \$4,000,000 of \$5,148,101 due as inheritance tax and a sum almost as large will be paid the county treasurer soon for the state of California.

Mrs. Grub died last year in the Carpinteria home of Mrs. Emma Hood, her only daughter. Mrs. Hood and her brother, Percy Grub, share the estate.

## STATE WARNS ON PAYROLL RECORDS

SACRAMENTO. (AP)—The California unemployment reserves commission has notified employers to submit payroll records for 1936 and the first quarter of 1937 in accordance with rule 90.12.

Employers, subject to the unemployment insurance act, have until July 15 to send in the data.

"This information is necessary," said Carl L. Hyde, executive director, "to permit the commission to pay accurate benefits after Jan. 1, 1938."

"The state legislature adopted a new benefit structure which compels the commission to pay benefits to the subject unemployed on a basis of quarterly earnings for the past eight quarters, which means the past two years."

## 'HOG TROUBLE' IS SPREADING

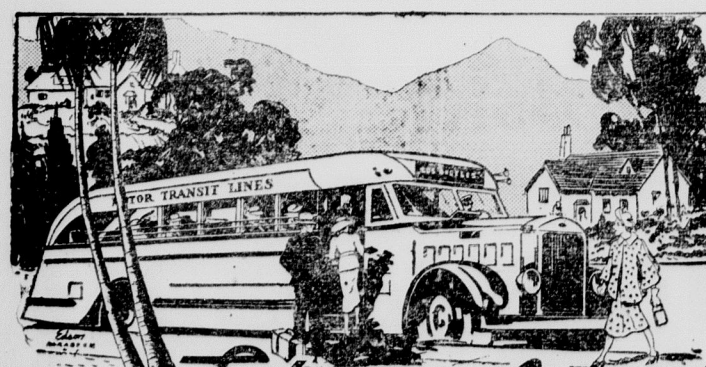

Ontario, which inherited the state prison site problem when Orange county fought off the move to put the institution here, now has inherited the hog ranch problem.

Protesting ranchers of the Mountain View district adjoining Ontario yesterday demanded that San Bernardino county supervisors adopt an ordinance which would bar establishment of an 80-acre hog ranch there.

Benton Ballou, president of the farmers' group, was empowered to employ an attorney to draft an ordinance. It would seek to prohibit importation of garbage from other counties on the ground that resultant flies would be a menace to grapes and deciduous crops.

V. L. Sorliem and associates, backers of the farm, stated they already have spent \$60,000 on the project and have entered into a garbage contract with the city of Pasadena.

Orange county has adopted an ordinance requesting hog ranches. The ordinance is now being tested.

# Aliso Creek Dam Will Cost County \$18,900

## GOVERNMENT WILL SPEND \$362,000

Site Is Located Four  
And One-Half Miles  
Above El Toro

By KENNETH ADAMS  
Work on the Aliso creek is being called as Project 8 in the \$15,248,000 Orange county flood control program.  
Orange county's \$2,500,000 water bond election is being called to pay for Orange county's share of the total cost of the county-wide project, in which the government will spend \$12,748,000.  
A breakdown of the entire program, as shown in a report made by Flood Control Engineer M. N. Thompson which now is in the hands of members of the board of supervisors, shows the cost to the government on the Aliso creek project to be \$362,000 and the cost to Orange county \$18,900.

Above El Toro  
The site for the proposed Aliso retaining basin is located 4.5 miles upstream from the town of El Toro. It controls 3.5 square miles of watershed similar in character to other streams of southern Orange county.

Nearly all the run-off from this drainage area can be conserved by operating a reservoir with a storage capacity of 500 acre feet. The retaining basin is to be operated for the protection of the area near El Toro by reduction of peak discharges to the safe carrying capacity of the present channel, and for water conservation by storing the normal run-off and releasing the same at rates that will permit maximum percolation in the underground storage basin.  
The present site was adopted after geological reports were made for the Orange County Flood Control district.

Retarding Basin  
The retarding basin is formed by the construction of an earth-fill dam of 80 feet in height with an impervious core. The crest width, as adopted, will be 15 feet at elevation 860 and will have a crest length of 720 feet. The slopes of

The dam are three horizontal to one vertical on both the upstream and downstream faces. The upstream face is protected with hand-placed rock paving.

The spillway, a concrete gree section, located in the sandstone of the right abutment, will have a crest length of 150 feet and a crest elevation at 845. It is designed for 15,000 cubic feet per second with a 10 foot head.

The outlet works consisting of operating power, trash rack and a conduit are located along the course of the present stream channel. The outlet conduit is to be a double three-by-six-foot rectangular reinforced concrete tube, built integral. Two three by six foot slide gates are provided for controlling the released flows.

Conservation  
The peak of the greatest flood that may occur is reduced to 1050

cubic feet per second with gates open. Conservation can be obtained by gate operations in conjunction with the storage capacity and spillway action.

The proposed Aliso retarding basin will require the relocation of about one mile of secondary county road. The present road crosses the Aliso creek a short distance below the dam, and recrosses a short distance above. The new location will start downstream from the dam and will be routed above the high water line on the left side of the canyon. It is also necessary to relocate a rural telephone line.

The road change and the relocation of the telephone line are the only work required of the Orange County Flood Control district at this site, the report declares. This work is a direct Orange county expense.

By JOHN MARTIN  
LONDON. (AP)—Six royal residents in England are looking forward to another coronation far more important to them than the one just held here.

King Farouk, the 17-year-old boy king of Egypt, his mother and four younger sisters will return to Cairo the last of June to complete preparations for his coronation on July 31.

Just now the group is winding up a four months' "object lesson in history" spent visiting the continent and England.

"F" Believed Lucky  
The four sisters are Fawziya, Faiza, Faika and Fathiya, ranging from 16 to 7 years. (The late King Faud believed "F" was lucky.)

Childish peals of laughter echo almost daily from a secluded tennis court atop Kingston hill, for nothing interferes with the program of education and play outlined by the king before his death.

The girls' mother, Queen Nazli, a dark, slim Moslem beauty, not yet 40, sees to that.

In principle, their father wished the bright-eyed princesses reared not only as loyal members of their race, religion and family, but as constructive citizens of the world.

So the girls spend mornings at their lessons and afternoons at sport, sightseeing and shopping.

With a professor of Arabic who is accompanying them, they study the Koran and religious exercises.

With the court physician, who also came along, they practice rhythmic dancing for grace and health.

Joins in Sports  
Between times they study French, Arabic, history, geography, world affairs, drawing, piano and read English magazines.

They are devoted to one another and to the king, who often joins them on the closely-guarded tennis court, or at swimming, riding and motoring.

The king, who lives with his staff at near-by Kenry house, taught the two older girls to drive and gave them autos for their birthdays.

## NO SCHOOL FOR CHILD BRIDES

SAN FRANCISCO (AP)—Child brides do not have to go to school in California, for neither parent nor the husband is empowered to make them, in the opinion of Attorney General U. S. Webb.  
Webb's opinion to District Attorney Thomas Whelan, San Diego, concerned the case of a married girl under 16 years.

He said he believed the legislature did not need to specify such an exception since a "married girl obviously has a status that does not subject her to the compulsory education law."

Webb pointed out that parental authority ceased upon marriage of a minor child, and that therefore no compulsion can be brought on parents to send her to school.

## SHEPPARD TO SPEAK HERE ON JULY 1

Congressman Is Main  
Orator in Program  
For Democrats

Two of the most important problems facing Orange county will be discussed by Congressman Harry R. Sheppard when he speaks at a big meeting in Santa Ana the night of July 1.

Congressman Sheppard will fly directly to Santa Ana from Washington, D. C., to be here for the meeting, sponsored by the Orange county unit of the California assembly of Democrats. General Chairman Chester I. Dale of the local assembly yesterday received confirmation of Sheppard's plans to be here.

In Legion Hall  
Arrangements are being made to accommodate 400 persons at the banquet, which will be given in the Santa Ana American Legion hall at 6:30 p. m. Thursday, July 1, by the Assembly of Democrats in honor of the congressman. It will be his first appearance here since he was elected congressman.

Because of the importance attached to the meeting, prominent citizens and officials of the county have been invited to attend, as well as representatives of Democratic organizations from Riverside and San Bernardino counties. Sheppard will discuss welfare problems and the Orange county flood control project, two topics of extreme timeliness.

Elaborate plans are being made by officers of the Assembly of Democrats to make this the biggest meeting of the kind ever staged in Orange county. Details of the program are being worked out and will be announced later.

Reservations  
Because of the limited number which can be served at the banquet, those who plan to attend were urged to make reservations early at assembly headquarters in Santa Ana at 620 North Main street, or by telephoning Santa Ana 3740.

Members of all Democratic organizations of the county, chamber of commerce officials, Town- send clubs, members of the board of supervisors and other prominent leaders of the county will attend the meeting.

Following the Santa Ana meeting, Congressman Sheppard will speak at the big Townsend Cha- tauqua, a three-day event, at Pasadena, then in San Bernardino and Riverside before returning by airplane to Washington on July 5.

SUICIDE BRIDGE  
TO BE FENCED

PASADENA. (AP)—The city directors here voted to make the bridge over Arroyo Seco "suicide-proof" by erecting a tall wire fence crowned with barbed wire.

The directors, adopting the proposal of City Manager C. W. Korner, instructed him to make plans ready immediately and open bids for erection of the fence.

## FILM STRIKE AGREEMENT REACHED

Studio Crafts' 42-Day  
Walkout Ends Today  
With Demands Met

HOLLYWOOD. (AP)—The 42-day strike of major film studio craftsmen, which harassed production and nearly caused a walkout of the Screen Actors' Guild, ended today in a "satisfactory agreement."

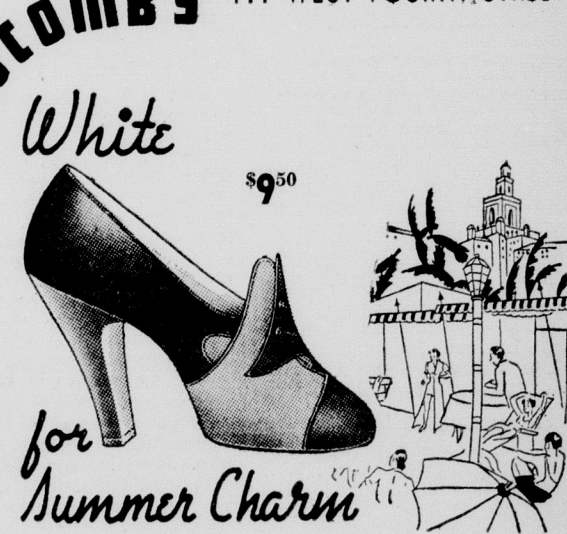

Union painters, makeup artists, hairdressers and scenic artists voted to go back to work this morning.

"We're satisfied and the producers are satisfied. I guess everybody got what they wanted," said Charles Lessing of the Federated Crafts, which conducted the strike in opposition to the International Alliance of Theatrical Stage Employees, its rival in the American Federation of Labor.

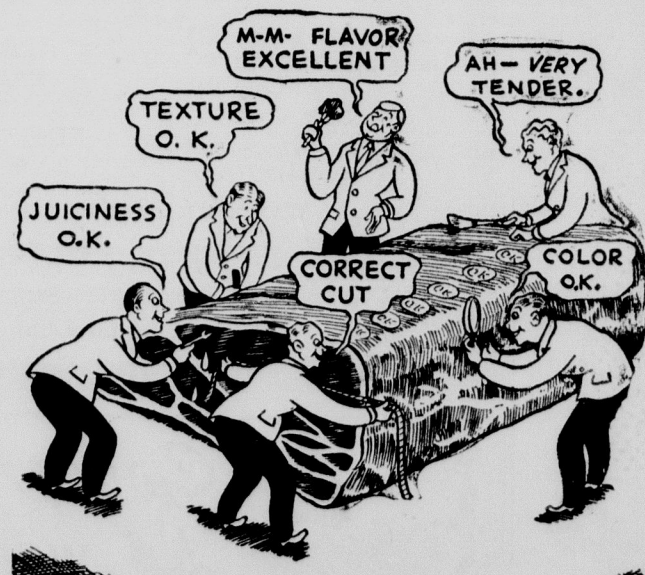

Unionists said their demand for a closed shop was granted by the studios and wage adjustments were left for further negotiations.

The question of whether the erstwhile striking unions would affiliate with the I. A. T. S. E. instead of the Federated Crafts also was left to future determination.

# Lions Install Officers at Ladies' Night Dinner at Santa Ana Country Club

## Luther Mack Intalling Chief

### Program of Music and Varieties Fills Evening

Santa Ana Lions honored their new officers last night at a smart new dinner party out at the Country Club.

The guest of honor was Luther L. Mack, immediate past district governor, who acted as installing officer in the ceremonies in which Frank Harwood and other officers-elect took over their new duties.

Installation followed a delicious steak dinner served at long tables appointed in the summer colors.

Rolla R. Hays, Jr., the retiring president, extended the club's greetings to its guests and introduced the program, which included vocal selections by the Elks double quartet and by G. Willard Bassett, soloist; numbers by Alberto the Magician and the Peters sisters.

Presentation of attendance buttons and membership keys was also a part of the evening's program.

Those installed into office by Past District Governor Mack were Frank Harwood, president; Carl M. Stein, first vice president; H. L. Manker, third vice president; John A. Henderson, secretary; John S. McCarty, treasurer; Perry Schrock, chaplain; Nolan Doss, tall twister; Robert S. Farrar, lion tamer; and W. H. Hill, Charles Pritchard, Dale Deckard, E. M. Sundquist and Rolla R. Hays, Jr., directors.

The retiring officers, in the same order, are Rolla R. Hays, Jr., Don G. Jerome, Logan Jackson, Don G. Dearth, Ann A. Henderson, John S. McCarty, Carl M. Stein and Dale Deckard; and the retiring directors, Earl R. Abbey, Wilbur A. Schook and C. W. Harrison.

## SEWING CLUB AT BROWNIDGE HOME TODAY

Mrs. Alex Brownridge was hostess to her Needlework club today, entertaining the members in her home at 1414 North Main street, where bouquets of Canterbury bells sent by Mrs. Oliver Halsell made a bright setting.

## TWO SHOWERS FOR FERN FARMER

Goblets, sherbet glasses and cocktail glasses in her chosen pattern of crystal were showered upon Miss Fern Farmer by her friends this week when Miss Eloise Hiskey entertained for her at her McClay street home, assisted by her mother, Mrs. Walter Hiskey.

Bunco was the evening diversion, and first prize went to the bride-elect, second to Miss Mary Tomlinson, and low to Miss Winifred Brown. Their prizes were also in crystal.

Pink and orchid flowers appointed the rooms where refreshments were served after the games. Places at the pretty table were marked for the honor guest and her mother, Mrs. E. U. Farmer, and sister, Miss Erlene Farmer, for the bridegroom-to-be's mother and sister, Mrs. J. A. Willis and Miss Mabel Willis of Orange; for the Misses Virginia Graves, Dorothy Skinner, Mary Tomlinson, Peggy Suduth, Naomi Steele, Virginia Bruns, Margaret Newbold, Jean Allen, Jane Austin, and Winifred Brown, and the hostess and her mother.

Another pretty party was given last night for Miss Farmer, whose wedding with Frank Willis of Orange, take place June 20. Personal gifts to this most recent bride-elect at this most recent courtesy, which Miss Jane Austin gave in her home at 2020 North Main street.

Hearts were played, the bride-elect winning high prize, Miss Mabel Willis, second, and Miss Wanda Pennington, low. Dainty refreshments were served at the close, with yellow and green appointments on the tables.

Guests included Miss Farmer and her mother, Mrs. E. U. Farmer, Misses Margaret Abel, Eloise Hiskey, Marcella Stein, Wanda and Nadine Pennington, Marjorie McCune, Virginia Graves, Virginia Bruns, Mabel Willis, and Mary Tomlinson, Mrs. John Burkholder, and the hostess and her grandmother, Mrs. E. M. Austin.

## TRI-QUAD CLUB PLAYS AT OVERTONS

Mrs. Robert Moore was hostess to the Tri-quad club this week, entertaining in the home of her mother, Mrs. E. C. Overton, 1409 South Garnsey street.

Dessert was served first at a table centered with a blue bowl of pink carnations and yellow daisies, colorful pottery adding to the charm of the scene.

After the game of bridge, prizes were presented to the fortunate winners, Mrs. Joseph May receiving first, Miss Grace Anderson, second, and Mrs. Kenneth Hill, consolation.

Members present besides the hostess were Mrs. Robert Lufberry, Mrs. Joseph May, Mrs. Kenneth Hill, Mrs. Russell Daly, Mrs. Kay Pangle, Misses Margaret Young, Rose Allen, Grace Anderson, Edna May Heim, and Jeannette Jorgensen. Mrs. E. C. Overton and Mrs. Roy Cumpston substituted for Frances Lacy and Margaret Young.

## Kindergarten Instructors Have Tea

Kindergarten teachers of Santa Ana gathered for a delightful end-of-the-year party Wednesday afternoon in the home of Mrs. Margaret Bolte at 930 South Garnsey street, complimenting as their honor guests three of their number who will not be teaching in the local system next fall.

Miss Fern Tedrow, Miss Mary Priscilla Allen, Miss Maurie Hamill, Miss Martha Wirick, and Miss Maren Leonard presided as hostesses at the charming courtesy honoring Miss Boyd Joplin, who is going to Ketchikan, Alaska, to teach, and Miss Eleanor Crookshank and Miss Lenore Fernandez, who are to be married this month.

Miss Leonard presided at the lace-spread tea table which was appointed with two bouquets of yellow and white flowers and four tall white tapers.

Invited guests, in addition to the other kindergarten teachers of the city, were Miss Hubertene Kuennen, elementary schools supervisor; Mrs. A. Lederman, mother of Mrs. Bolte; Miss Margaret Kuehl and Miss Anna Ekdaal, elementary school nurses; Mrs. Margaret Baker, of the board of education; Mrs. Mildred Smith Harris, Mrs. Edna Hearn Smith, and Mrs. Linda Mueller, Miss Frances Deceat, and the Misses Lois Courtney, Elizabeth Marsten, and Bee Cleveland.

The other kindergarten teachers in the system are Miss Eva Marshall, Mrs. Velda Mitchell, Miss Linda Mueller, Miss Frances Deceat, Miss Clarice Marx, and Miss Dorothy Grist.

## CLUB HAS WIENER BAKE

Members of the F. S. C. C. P. nochie club enjoyed an evening at the beach this week when they gathered at the home of Mr. and Mrs. Clarence Eldridge at Corona Del Mar for a wiener bake on the sand and cards in the home.

Mrs. E. J. Kastorf and George Randall carried off the honors of the evening. Those present were the Messrs. and Mesdames Kastorf, Randall, and Duane Burge of Santa Ana; Mr. and Mrs. Jack Weidmeier of Fullerton, Mr. and Mrs. Elmer Allington of Costa Mesa, and the host and hostess. Next meeting, on June 23, will be at the Burge home.

**STORE EMPLOYEES HONOR TWO**  
Employees of Hart's Dry Goods company, with Mr. and Mrs. Sam Hart, joined in a dinner Wednesday evening at the Rossmore cafe to honor Mrs. Damia Loptien and Abe Bergesetter on their birthday anniversaries.

## TWO PRESIDE AT SHOWER FOR MAY BRIDE

Mrs. George Seha and Mrs. Charles Dyer combined their hostess talents Wednesday night when they entertained at a delightful post-nuptial shower in the home of the former on Tustin avenue, complimenting Mrs. Leland Alsip (Bethel Dickinson), who was married May 27 in Yuma.

Bridge and monopoly were played, with first and second prizes in the former going to Miss Bee Cleveland and Mrs. Alsip, and first in the other to Miss Elizabeth Marsten.

Rooms of the home were bright with gladioli and spring mixed bouquets and each of the small tables at which refreshments were served was centered with a crystal vase holding a Tailsman rose bud and spray of maiden hair fern. Ice cream was molded in wedding bell motif for the dessert course. Miss Peggy Seha assisted in serving the refreshments, following which the gifts were brought in and presented to the bride.

Guests invited to honor the new Mrs. Alsip were the Mesdames Evan Jones, Ralph Jenkins, and Lonnie Vincent and Miss Cara Fellows of Balboa Beach; from Santa Ana the Mesdames Frank Cleveland, Thomas Cummings, Eugene Dickinson, Raymond Dickinson, Edwin Dickinson (Mrs. Alsip's mother), Edward Wheeler, Eunice Fox, Sally Druet, Clara Forder, and Marshall Seest, and the Misses Lois Courtney, Elizabeth Marsten, and Bee Cleveland.

## PRETTY SHOWER HONORS FRANCES DAWSON

Friends were gathered one recent evening at the home of Miss Lillian Johnson on Birch street to honor Miss Frances Dawson, whose marriage to Ralph Osterode will take place at St. James cathedral in Fresno June 19.

During the evening, a variety of games were played, prizes going to Mrs. Irene Paxton, Emma Benson and Lucille Rowe. Later Miss Dawson was presented with a miscellaneous shower of gifts.

After the daintily wrapped packages had been opened and admired, tables were set for refreshments of cake and ice cream, both the appointments of the tables and the refreshments carrying out a pretty color scheme of pink and white.

Those enjoying the evening with Mrs. Dawson and her charming hostess, Miss Johnson, were the Mesdames Kenneth Brown, James Fike, Harold Paxton, Floyd Paxton, Charles Crumley, Delbert Wilkinson, Harry Benson, Clifford Popp, Clement Rowe, Charles Stonebraker, and Kenneth Dawson, and the Misses Kathleen Dawson, Mary Menzies, Ruth Carter, Ellen Johnson, and Gertrude Cloekner.

## SCHOOL FRIENDS ENTERTAINED

Miss Lorraine Sweet entertained a coterie of her school friends last night at an informal little get-together before the end of the school year. A group of the group will be graduated.

The guests were invited for a four-course dinner served at a pretty pink and white table, and the evening was spent in talking over their school days during which these four couples have had many good times together. Enjoying the evening were the Misses Peggy Paxton, Margaret Maroney, Marguerite Pimental, and Miss Sweet, and the Messrs. Walter Swanberger, Alan Patterson, Charlie Sawyer, and Leon Lauderdale, Jr.

## Worthwhile Party At Laguna

Hotel Laguna formed a lovely setting last night for the annual dinner of the Worthwhile club members and their husbands, at which Mr. and Mrs. L. A. Gallo-way presided as host chairman.

After the dinner, served at one table, guests with pendants and sweet peas, William McPherson, a speaker furnished by the Santa Ana library, gave a most interesting talk on "Old Missions of California." Introduced by Mrs. George McKinney, program chairman, Mr. McPherson, who was substituting for Mrs. Anita Alexander of the library, gave the group interesting word pictures of the old buildings and their history.

Enjoying the delightful evening together were the Messrs. and Mesdames J. H. Mitchell, George McKinney, J. A. Smiley, A. Lagasse, George Ebersole, L. A. Gallo-way, and C. F. Millen, Mrs. Ida Meikle, Mrs. Mary Herring, Mrs. W. B. Gibson, Mrs. Anna Nelson, and Mrs. Effie Bruner, all members of the club, and Mrs. O. A. Benjamin Heemstra, Monroe McKinney, and the Misses Myra Gibson and Ellen Blackwood, guests.

## NONOGENERIAN HONORED ON ANNIVERSARY

The 90th birthday anniversary of Mrs. Harriet Flattery was the occasion for celebration in her home on Newport road Sunday afternoon. Many of Mrs. Flattery's old friends and neighbors attended the open house given in her honor by her daughter Miss Mary Flattery, and her son and daughter-in-law, Mr. and Mrs. F. I. Flattery of Costa Mesa.

Fragrant bouquets of flowers and gifts were brought by her many friends who came to congratulate her.

A native of Ohio, Mrs. Flattery, then Miss Harriet Look, moved to Kansas at the age of 20, where she married and remained for 40 years on a homestead where her six children were born. After the death of her husband, Mrs. Flattery moved to California. She has lived in this state for the past 25 years, and most of that time was spent in Tustin community.

The guests of the afternoon included two ministers, the Rev. J. W. Carson, Santa Ana, and the Rev. W. H. White, and Mrs. White, Laguna, Messrs. and Mesdames Chester Kenyon and daughter Marjorie, C. N. Archer and daughter, L. W. S. Suddaby, B. H. Sharpless, B. P. Boswick, C. M. Holderman, C. L. Hallet, Harvey Barnes, John Sauer, Roy Wilson, Bert Hibbet, B. L. Holderman and family, Dr. and Mrs. J. Gatzelaff, Mrs. Tillie Rachel, Mrs. May Brown, Mrs. Chilcoat, Mrs. J. A. Haskell, and daughter, Lillian, Mrs. S. Cawthon, Mrs. J. Hoyt, Mrs. T. Jubilee group of the First Methodist church held their meeting and pot-luck luncheon Tuesday under the shade trees of Mrs. Laura Leonard's home at 511 South Birch street.

Election of Mrs. N. R. Soucie as new president, Mrs. Andy Gowdy as vice-president, and Mrs. Maude A. Miller as secretary-treasurer came at the close of the luncheon. Mrs. Asa Vandermast and Mrs. A. Schofield were welcomed back after illnesses; and Mrs. Edith Robinson, a member now living in Santa Monica, was also among those at the meeting.

Others present were the Mesdames Soucie, Leonard, Gowdy, Miller, George Townsend, J. C. Gardner, W. D. Barnard, C. Gilbert, J. J. Smith, A. Moore, and A. Schroeder.

## Mary Stoddard Child's Tragedy Leads To Comments On Attitude Of Modern Parents

The tragedy of little Marian Ayres, 15-year-old San Diego girl who shot and killed her father last week because "he was beating mama" has created repercussions in the minds of many modern parents, I feel sure. The picture of a startled, frightened child who should have been sheltered and protected, loved and cared for, and instead was subjected to the passions and troubles of maturity, is in itself thought provoking—even if we disregard the unforgettable effect it will have on her all her life. A reader faces the problem of which Marian is so pathetic an example in her letter today:

Dear Miss Stoddard: My thoughts turn to you as I think of the sad story of poor little M. A. and I wonder where is the blame?

The first thing that comes to my mind is quarreling parents. As married people we make mistakes, are misunderstood and quarrel, some continually. I wonder what our boys and girls today really get out of their home in the way of love and protection to put into their own home and raising their little ones when they are married.

When we were young and loved and married we were so sure we could go through life with the one we had chosen, and before we were married five years, quarreling began. Isn't that so? We are not the drinking kind of parents but we do have words and as our three children were growing up we decided our quarreling would not be done in front of our children. This has been a big help to us. You see, if one says what one thinks, it is sometimes very bitter, some of which you would never have said if you had stopped to think a second time, so by the time we were alone where we could quarrel I don't suppose we said more than half we had intended to.

I have had much sadness in my life and had things to contend with which have grown with the years and I believe, Miss Stoddard, I could never have stood what I have, if I had not had a deep faith in a God who is very present in trouble. I say we are not a drinking couple. I think so many people today think they can't have a good time unless they are drinking, and I am speaking of parents. I think it's terrible. What an example for children 13, 15 and 20. I know we have as good a time in our home and are as popular as any people in the family. We have some awfully good times together. As a family we enjoy dancing, cards, having young people in our home, skating parties for the children, music and our religious life which means so much to us. I believe one has to have it to be happy in this world. I wish you could appeal to parents through your excellent column. To those parents who are on one party while the children are at another. To the many parents who are unwilling to overlook faults in one another. My heart ached for the Ayres family and I wanted to talk to you, for you are so honest and broad in your views.

## CALENDAR IS ANNOUNCED BY LOCAL TENT

Daughters of Union Veterans made plans for a number of coming events when they held their regular meeting this week, and also heard reports on the year's activities, among them the fact that the local tent had made and given away more than 300 bouquets of flowers on Memorial day.

Mrs. Addie Gardner was elected and installed Council Member No. 1 by the membership.

In the month's calendar, a pageant of flags of all nations was to be conducted by the Republican Study club at Barker Brothers' in Los Angeles today, to which the members were invited. Mrs. Lena Hewitt was to take part in it.

June 14 at 1 p. m. the tent will convene at Sawtelle to present a flag, and at 8 p. m. its members will join in with the Elks of Santa Ana in observance of flag day. June 18, the Daughters will hold their May-June party meeting in the form of a tea at the Red Hot Stand, Laguna Beach, and on June 22, after regular meeting, there will be a cooked food and tea towel sale.

Past presidents of southern California will convene June 30 at Inglewood.

**W. R. C. FEDERATION**  
Federation No. 1 of the Women's Relief corps will have a picnic next Monday in Anaheim park. All members and friends are invited.

Guests of Mrs. Adrain were Mrs. Elmer Smith, Mrs. Ora Jennings, Mrs. Walter Wright, Mrs. Charles Ryan, Mrs. Lillian Dawson, Mrs. Roehm, Mrs. William Sylvester, Mrs. Nelson Wimbush, Mrs. Glenn Lyeon and Mrs. Shippe.

## AUTHOR SEES FAILURE OF ROMANCE

Kathleen Norris Says Duke-Wally Affair Already Doomed

NEW YORK. (AP)—Kathleen Norris, author of 32 novels, said today she believes the romance of the Duke of Windsor and his American duchess is doomed to failure.

Returning from the coronation, Mrs. Norris said:

"My opinion, based on 300 letters a day for eight years from men and women discussing all sorts of martial questions, leads me to believe the great love affair of the world we hear so much about will last two years or less."

"They (the Duke and Duchess of Windsor) showed a total disregard for everybody and everything except their attachment for one another."

"Their romance and a small villa on the Riviera, will be a pretty flat substitute for a king who had adventure, yachts, half a dozen castles, homage and the respect and adulation of millions."

Mrs. Norris said Americans "have never had such a thing happen where a President tried to take another man's wife. . . . If he had attempted it, he would not only hear from the people but from the Federation of Women's clubs!"

## OPENING OF CREEK PARK DELAYED

City officials won't be able to open the Santiago park the middle of this summer.

Gala opening ceremonies planned for the middle of the summer have had to be abandoned because of the delay in the park work occasioned by a shortage of men for the WPA projects.

Chairman A. H. Allen of the forestry board told The Journal today, however, that the park will be in shape by the first of August for use of the public, even though the work will not be completed.

Members of the forestry board met with City Engineer J. L. McBride and Park Superintendent Dale Griggs at the Santiago park yesterday afternoon for a conference on park work plans. Park projects discussed included street lighting, lighting under the trees, road work and establishment of parking areas.

Labor Shortage  
Everything is in readiness for installation of park equipment, including benches and other equipment. Reconstruction of the assembly hall and other small buildings is being worked out.

Allen said the project is taking longer than was thought necessary because of shortage of men on the WPA project.

No name has been selected for the park as yet.

## Bank to Deduct Taxes of Estate

Taxes paid to the county of Orange and the city of La Habra from the estate of Robert W. George are deductible from the taxable income of the Security-First National of Los Angeles as trustee, the board of tax appeals ruled in Washington today.

The board decided the bank could deduct from its income \$16,892 it paid Los Angeles and Orange counties and the city of La Habra as real estate taxes in 1932.

The bank petitioned for a determination of an alleged deficiency of \$1389 in 1932 income taxes assessed on it as a trustee.

REDLANDS. (AP)—Mattison B. Jones was re-elected chairman of the board of trustees of the University of Redlands in a meeting which voted a \$400,000 budget for the coming year.

## The Friday Afternoon

By DONALD BUTTON

We take Jean Goodwin too casually! Her background and home are here, much of her work has been done in this area. She is part of this community!

Some of that casual acceptance of Jean Goodwin, painter and printmaker, illustrator, ceramist and fashioner of mosaics, must have been abruptly disturbed by the note of prophecy upon which her radio talk over KRKD yesterday afternoon ended. It demands thought.

Realizing the limited time in which she must trace the history of mosaic down through the ages she dealt briefly with its historical importance.

She enlightened the lay members of her audience by a discussion of the recent scientific developments prompting a revival of interest in this medium of expression.

She paid fitting tribute to Regional Director Joe Danahy and Sectional Director Nelson Partidge, jr. of the Federal Art project for their part in giving California the public enjoyment of mosaic to a degree no other state now does.

She summarized the activity of her fellow-workers in mosaic accurately, yet ended on this note: The creation of a mosaic expression freer than any previously known (and fresher, more vigorous, thanks be!) in a wealth of new materials, the aesthetic value of that expression leading us to believe we are embarking upon a new cultural era.

That those who bend stone, glass and tile to their design should the leaders be—are they on the right track? What of the intriguing bypaths the many schools of painting lure us with?

Jean Goodwin exemplifies this freedom and vigor in her mosaic of three maidens gathering fish upon the beach for the Newport Harbor Union High school.

Those same qualities enhance the warm tones of Arthur Ames' panel that is to accompany Miss Goodwin's work.

As they (the panels) progress toward completion, I am more and more convinced they rank first in the mosaic projects under federal direction.

I cannot refrain from mentioning "prophet without honor," for these two muralists and mosaicists have not been honored with local commission.

Much as I regret retrogression, Jack Burroughs' Padua Hills exhibit calls for further comment than advanced notice.

Burroughs is another of those few young artists who, having found something to say, says it. His concern, too, is humanity, but how much more pleasant than Botkin's distorted view! How pleasant the sweet, yet not sticky, piety of his "Magdalena!"

There is a humaneness to the weeping of his "Dolorida," another head study in charcoal.

Turning to pastel, he lays color on broadly, boldly, and makes a simple straightforward statement. His oils, treated likewise, are equally pleasing.

Picture of the exhibit, I think, is "Market Scene." In this, Burroughs shows his interest in people to best advantage.

This show is the best seen at Padua in the current series. Each picture is extremely likeable.

Current issue of the Art Digest makes point of American artists outnumbering those of foreign nations almost two to one in the International watercolor exhibition now current at Brooklyn museum.

Of the 63 Americans showing, six of them work here in Southern California. Thus we have contributed a 10th of the Brooklyn showing from our own neighborhood.

Howard Cook has just had a comprehensive showing of his work in the Los Angeles public library.

Tom Craig concludes a triumphant Oakland showing, begins an important one in New York.

Barse Miller is president of the California Watercolor society, member of the Art Center school faculty.

Phil Dyke records a consistently good performance in his painting.

Paul Sample is recent Carnegie international prize-winner, has recently been commissioned to paint six harbors of these United States for Fortune magazine.

Milford Zornes now has two pic-

## Dog Racing Bill Veto Demanded

STOCKTON. (AP)—Gov. Frank Merriam was called upon to veto the bill providing for dog racing and pari-mutuel betting, passed at the last session of the state legislature, in a resolution adopted unanimously yesterday by the annual state conference of the Methodist Episcopal church.

Stockton was selected as the 1938 conference city over Santa Cruz and Oakland in the first such contest in the history of the conference. The sessions will end with appointment of pastors Monday.

## Baker's Body On Way To New York

OAKLAND. (AP)—The body of George F. Baker, 59, internationally known banker, arrived here yesterday from Honolulu and was transferred to a special train bound for New York City.

The train was made up of five cars, and railroad officials said it would make the journey in about 70 hours, or faster than the regular overland limited.

Baker was stricken aboard his yacht Viking in the South Seas while on a vacation. A physician was summoned from a passing liner, but Baker died May 20 from general peritonitis following perforation of the appendix.

## TELLS MEANS OF MEETING DISASTER

Urging the need of preparedness on the part of local Red Cross units in the event of a disaster, and outlining the form that this preparedness should take, A. L. Schafer, San Francisco, spoke on "Disaster Relief" before about 150 persons at the Orange American Legion hall last night. Schafer is manager of the Pacific area of the American Red Cross.

"The biggest problem in a disaster is food," he said, "and every community should have a committee of capable men who can secure supplies if necessary."

Railways were of vital importance in the Louisville flood, he added, sending Red Cross shipments ahead of all else. During all of the disaster, the speaker stated, outside of the loss of life by drowning, the death rate was not increased over what it had been at the same time of year in previous years. This was due to the work of the 2000 Red Cross nurses and the vaccinations and other preventative measures taken by Red Cross workers, he said.

In closing, he said a disaster preparedness committee should study the hazards of each community whether they be earthquakes, floods or tornadoes and mobilize the resources of all organizations in the district.

Mayor A. C. Boice, disaster relief chairman for Orange, presided, and introduced mayors, councilmen and Red Cross chairmen. Col. A. B. Wellington, Santa Ana disaster relief chairman, paid tribute to the doctors for their work in conducting first aid classes, and introduced the speaker. Mrs. Laura K. Warren,

## Man Held Up Twice Says, 'Why Call an Officer?'

And then there was the man who was held up more than a month ago and robbed of \$4. He met the holdup man again five days ago. But he didn't call the police.

He didn't think it would do any good.

Sergeant N. C. Nelson reported today he had a conversation with A. J. Boyd, 412 East Chestnut street, who casually mentioned the events. He was held up May 5, he told Sergeant Nelson, by a man dressed as a woman. He—or she—got \$4.

Last Saturday, Boyd told the officer, he saw the man again, when he met him on Chestnut street and asked Boyd for a match.

"Why didn't you call the police station?" asked Nelson.

"Aw, what's the use?" Nelson reported Boyd said. "They're always out in the sticks."

**U. S. LABOR OFFICIAL DIES**  
WASHINGTON, (AP)—Hugh Leo Kerwin, director of the labor department's "trouble shooters," died last night of a heart attack in the midst of efforts to settle several labor disputes. Kerwin, 64, had been an employee of the labor department since its organization in 1913.

executive secretary of the Orange County Red Cross, gave each one present who would qualify as a Red Cross worker in case of a disaster, an official Red Cross arm band, which was worn during the meeting. Two county officials were introduced, Welfare Director Jack Snow, and County Treasurer T. E. Stephenson, who also represented Santa Ana as a member of the disaster relief committee. Assemblyman Clyde Watson was introduced. Alfred Higgins, president of the Orange chapter, gave the welcome, and Harry May, Fullerton, made the response.

## COUPLE HAPPY FIFTY YEARS

Fifty years of wedded life, the last 20 of which they have spent in their home at 1236 West Fourth street, will be recorded tomorrow for Mr. and Mrs. L. P. Williams.

Miss Mary Elizabeth Tennyson and Lewis P. Williams were married in a little missionary church at Middlecreek, Ill., on June 12, 1887. They made their home there and later at Fairfield, moving to Santa Ana in 1912. They are the parents of five children, three of whom are living, including Mrs. Anna Pennington of Santa Ana, Mrs. Amy Tibbs of Hermosa Beach, and H. H. Williams of Torrance.

Mr. Williams is still active in his profession of painting and carpentering, and he and Mrs. Williams are ardent church workers in the Christian Missionary Alliance here.

Four of their five grandchildren are Santa Anans, Corinne Pennington Barker, Hazel Pennington King, Homer Pennington and Dorothy Pennington. Patsy Joan Williams lives in Torrance.

## Runaway Boys Detained Here

Three San Diego boys, 14 and 15 years old, were in the juvenile home here today awaiting return to their homes after a brief running-away spell yesterday.

Harold Shafer, San Diego sailor who picked the youngsters up in San Diego after they "thumbed" a ride, left them in Santa Ana yesterday afternoon and reported them to Deputy Sheriff Grace Hall at the sheriff's office. She turned the case over to Santa Ana police, and Detective Lieut. Charles Wolford found the boys near Washington and Main streets.

**NORTHWEST PASSAGE**

For centuries navigators and explorers sought the Northwest passage, a waterway north of the equator over which a ship could sail westward from the Atlantic to the Pacific and onward to the Orient.

Century after century they missed their goal—until Roald Amundsen finally hit it in his sloop, the "Gjøa"—only seven and a half years before man constructed a "Northwest Passage" with the Panama Canal. Strange as it seems, the centuries of search had gone for naught. No other voyages have been made through the watery trail which Amundsen blazed in 1906, for its treacherous ice makes it of no practical use to commercial shipping. The Panama Canal, completed in 1914, did away with any necessity for nature's long-sought Northwest Passage.

Search for this passage began not long after Columbus' first voyage, for it was soon discovered that he had not found India, but a continent in between. Explorers firmly believed that by sailing northward and westward they would discover a waterway to the Orient.

**Judge Stump**

Dear Judge:  
Was there ever a small boy who didn't like to lie on the floor and read the funny papers?  
L. G. C.

No, but the remarkable case of Little George Goode of El Modena has recently come to my attention. He picks up the paper and puts it away when he's through reading it.

Oh thank Your Highness for saying...ah, here comes my daughter. Oh Ritz! Royalty. Here.

Frankly, Mr. Midas, I observed a blue-blooded air about you, sir, and...

I'm descended from William the Conqueror, as you may see from our family tree in this solid gold frame.

Midas? I've heard that name before, sir, and...

Ahem! Listen, to avoid any misunderstanding, let me say...

Sir Bungie! The Caliph of Bagdad! King Doodle! Why I'm just surrounded by royalty.

Mr. Midas, this is Bungie Sir. I happen to be Caliph of Bagdad.

Oh such excitement. Meeting royalty, you know...forgot to mention my name, Horace K. Midas.
